What is this product?

Type

This is an investment fund established as a Company With Variable Capital (SICAV).

Objectives

Coeli SICAV I - Global Small Cap Select Fund aims to create long-term capital growth by investing in a portfolio of selected global equities. The aim is to outperform its benchmark, MSCI ACWI Small Cap Net Total Return Index.

Investment policies The Sub-Fund mainly invest in equities, but may also indirectly invest in equity linked securities within the UCITS regulations. The Sub-Fund may not invest more than 10% of its assets in units of other UCITS and/or UCIs. The Sub-Fund may only invest in companies with, at the time of the initial investment, a market capitalization of maximum of 6 billion USD.

Benchmark uses The Sub-Fund is managed actively and uses the MSCI ACWI Small Cap Net Total Return Index as a universe to select securities from and to compare performances. The deviation of the portfolio composition of the Sub-Fund compared to the benchmark is significant.

Redemption and Dealing The Sub-Fund will be open for subscriptions and redemptions all official Luxembourg working days.

Distribution Policy The Sub-Fund does not distribute dividends. All income is reinvested in the Sub-Fund.

Launch date The Sub-Fund was launched on 28/03/2022. This share class was launched on 19/01/2023.

Fund Currency The reference currency of the Sub-Fund is SEK.

Switching between Funds Investors may switch their shares in the Sub-Fund for shares in another sub-fund within Coeli SICAV I. For further information, please refer to the prospectus which can be found on the Management Company website <https://funds.waystone.com/public> or contact your local Investor Servicing team on +46 8 506 22300.

Intended retail investor

What are the risks and what could I get in return?

Risks

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 4 out of 7, which is a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact the capacity of the Sub-Fund to pay you.

Be aware of currency risk. In some circumstances, you may receive payments in a different currency, so the final return

you will get may depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Beside the risks included in the risk indicator, other risks may affect the fund performance. Please refer to the fund prospectus, available free of charge at <https://funds.waystone.com/public>.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable: this type of scenario occurred for an investment between 31 December 2021 and 28 April 2023.

Moderate: this type of scenario occurred for an investment between 31 December 2014 and 31 December 2019.

Favourable: this type of scenario occurred for an investment between 31 August 2013 and 31 August 2018.

What happens if the Sub-Fund is unable to pay out?

By law, the Sub-Fund's assets may not be held in custody by the fund management company. Instead, each sub-fund must have a specific depositary that handles the safekeeping of the Sub-Fund's assets. In the event of the bankruptcy of the fund management company, the management of the Sub-Fund is taken over by the depositary. There is no other compensation or guarantee scheme for investors in the Sub-Fund.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year you would get back the amount that you invested (0% annual return). For the other holding period we have assumed the product performs as shown in the moderate scenario,
- 10,000 SEK is invested.

Example Investment 10,000 SEK		if you exit after 1 year	if you exit after 5 years (recommended holding period)
Total Costs		102 SEK	872 SEK
Annual cost impact*		1.0%	1.1%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 11.8% before costs and 10.7% after costs.
