Nordic Corporate Bond Fund, a sub-fund of Coeli SICAV I

Share Class: R-D (SEK)

ISIN: LU1439682946

Management Company:

MDO Management Company S.A.

Objectives & Investment Policy

Coeli SICAV I - Nordic Corporate Bond Fund is a fixed income fund offering active management within corporate bonds issued by corporations domiciled or active in the Nordic region. The Sub-Fund has a wide investment mandate with the possibility to invest freely in various industries and countries in the region. The Sub-Fund can invest in bonds with high credit rating and in bonds with low or no credit rating.

The Sub-Fund aims to achieve a competitive long-term return by investing primarily in fixed income or fixed income related instruments. The Sub-Fund aims to generate return from both interest income and from price increases in the securities in which the Sub-Fund invests.

The Sub-Fund will mainly invest in fixed income securities issued by corporations and financial institutions. The Sub-Fund applies an active management strategy which may include investments in government and municipal bonds, convertible bonds, covered bonds, inflation-linked bonds, money market instruments and deposit accounts with credit institutions.

A significant part, or all, of the Sub-Fund's capital may be invested in high yielding sub investment grade (as

measured by Standard & Poor's or any equivalent grade of other creditrating agencies) and unrated securities. Up to 10% of the Sub-Fund's net assets may be invested in preferred stock and other investment funds.

The average duration of the Sub-Fund's investments will be actively managed and will not exceed ten years.

The Sub-Fund may invest in assets denominated in any currency. Exposure to non-SEK denominated debt securities may be hedged back into SEK through the use of instruments such as foreign exchange forward contracts. The Sub-Fund will bear the costs incurred by such currency hedging.

Shareholders will receive a fixed dividend of 4% per year. The dividend will be paid out annually.

The Sub-Fund will be open for subscriptions and redemptions all official Luxembourg working days under the condition that the Swedish market is open. When the Swedish market is closed, no NAV will be calculated.

Recommendation: This Sub-Fund may not be appropriate for investors who plan to withdraw their money within three years.

Risk & Reward Profile

About the indicator: The synthetic risk/reward indicator shows the relationship between risk and potential reward at an investment in the Sub-Fund. The synthetic indicator is based on the fluctuations in the Sub-Fund's value over the past five years. Where a full returns history is unavailable the indicator is based on calculations using historical market data and a hypothetical allocation according to the Sub-Fund's investment model.

About the Sub-Fund: The Sub-Fund belongs to category 2. This means that the Sub-Fund is subject to low risk in respect of rises and falls in value. Category 1 does not mean that the Sub-Fund is a risk-free investment. The Sub-Fund may over time shift to both the right and the left side of the scale. It is because the synthetic indicator is based on historical data which is not a guarantee for future risk/reward.

The Sub-Fund mainly invests in fixed income securities issued by entities that are active in the Nordic region, which generally are characterized low to medium risks.

The synthetic indicator mainly reflects the rises and falls of the assets the Sub-Fund has invested in.

Risks not captured by the indicator: Investors in the Sub-Fund need to take the following risk factors into particular consideration:

Interest rate risk – The value of the Sub-Funds investments will be affected by changes, and shifting expectations, in interest rates in countries where it is invested.

Credit risk – The Sub-Fund primarily invests in bonds, cash and money market instruments from a range of issuers with varying credit worthiness. There is a risk that the issuer may default and not be able to meet its obligations.

Liquidity risk – There is a risk that the Sub-Fund may not be able to timely liquidate its holdings at a reasonable price.

Derivatives – The value of financial derivative instruments can be volatile and may result in losses in excess of the amount invested by the Sub-Fund. The use of derivatives for hedging purposes may not be effective and can restrict potential gains.

The above mentioned list of risk factors is not exhaustive. Other factors can influence the pricing of the underlying securities and therefore this Sub-Fund.
