Standard Deviation (36 Mths)	N/A
Drawdown	-9,87%
VaR (March 2019)	-2,31%

Summary of Investment Objective

Northern Light Event Fund has an event driven market neutral investment strategy. The Fund deals solely in the equity of U.S.-listed companies undergoing a change of ownership. Changes of ownership typically occur through secondary equity offerings or block trades. The fund's strategy is designed to take advantage of the inefficiency that arises when the stock market overreacts to such changes.

Performance

Risk Information

Neither past performance nor simulated performance is an indicator or a guarantee of future performance. Estimates of future returns should not be construed as a guarantee of future performance. The value of shares in the Fund and income received from it can go down as well as up, and investors may not get back the full amount invested.

An investment decision may not constitute the sole basis for a decision to invest in the fund. Such a decision should be based on the information in the current prospectus, the Key Investor Information Document ("KIID"), and the most recently published annual and semi-annual reports which are available at www.coeliam.com and can be acquired directly and without any costs from Coeli.
