## **PROSPECTUS**

relating to the permanent offer of shares  
in the Company

### **COELI SICAV I**

**COELI SICAV I** (the "Company") is listed on the official list of undertakings for collective investment pursuant to the law of 17<sup>th</sup> December 2010 relating to undertakings for collective investment as modified from time to time (hereafter referred to as the "2010 Law") and submitted to the 2010 Law and to the law of 10<sup>th</sup> August 1915 on commercial companies (the "1915 Law"). It is subject in particular to the provisions of Part I of the 2010 Law, which relates specifically to undertakings for collective investment in transferable securities ("UCITS"), as defined by the Directive 2009/65/EC of the European Parliament and the Council, as amended. However, such listing does not require any Luxembourg authority to approve or disapprove either the adequacy or the accuracy of this prospectus of the Company (the "Prospectus") or the portfolio of securities held by the Company. Any representation to the contrary would be unauthorised and unlawful.

The Company's board of directors (the "Board of Directors") has taken all possible precautions to ensure that the facts indicated in this Prospectus are accurate in all material respects and that no point of any importance has been omitted which could render erroneous any of the statements set forth herein.

Any information or representation not contained herein, in the appendixes to the Prospectus (the "Appendixes" or each the "Appendix"), in the key investor information documents of the Company (the "Key Investor Information") or in the reports, which form an integral part hereof, must be regarded as unauthorised. Neither the remittance of this Prospectus, nor the offer, issue or sale of shares of the Company (the "Shares") will constitute a representation that the information given in this Prospectus is correct as of any time subsequent to the date hereof. In order to take account of important changes such as the opening of a new sub-fund of Shares, this Prospectus, as well as its Appendixes will be updated at the appropriate time. Subscribers are therefore advised to contact the Company in order to establish whether any later Prospectus has been published.

# I. GENERAL DESCRIPTION

## INTRODUCTION

**COELI SICAV I** is an investment company with variable share capital consisting of various sub-funds, each relating to a portfolio of specific assets made up of transferable securities and money market instruments within the meaning of the 2010 Law and the Grand-ducal regulation of 8<sup>th</sup> February 2008 ("Transferable Securities" and "Money Market Instruments" respectively) as well as other eligible assets in compliance with article 41 of the 2010 Law denominated in various currencies. The characteristics and investment policies of each sub-fund are defined in Appendix IV "The Sub-Funds".

The capital of the Company is divided into several sub-funds (each a "Sub-Fund", together the "Sub-Funds") each of which may offer several classes of Shares (the "Class" or together the "Classes"), as defined in Section III below and for each Sub-Fund in accordance with the respective provisions described in the Sub-Fund's relevant data sheet under Appendix IV.

The Company may create new Sub-Funds. In such an event, this Prospectus will be amended accordingly and will contain detailed information on the new Sub-Funds in its Sub-Funds' data sheets under Appendix IV. The actual launch of any new Sub-Fund or Class of Shares within a Sub-Fund mentioned in the Prospectus and in the Key Investor Information will be decided by the Board of Directors. More particularly, the Board of Directors will determine the initial subscription price and subscription period/day, as well as the payment date of those initial subscriptions.

The Shares of each Sub-Fund of the Company are issued and redeemed at prices calculated for each Sub-Fund with a frequency in accordance with the respective provisions described in the Sub-Fund's relevant data sheet under Appendix IV and provided the banks in Luxembourg are open for business on this day (a "Bank Business Day") (the calculation day so defined being hereafter referred to as a "Valuation Day") if not otherwise is provided for in the relevant data sheet under Appendix IV. For the avoidance of doubt and unless otherwise stated in the relevant data sheets, half-closed bank business days in Luxembourg are considered as being closed for business.

The net asset value (the "Net Asset Value") of each Sub-Fund or of each Class of Shares will be expressed in its reference currency, as stipulated in the Sub-Fund's relevant data sheet under Appendix IV.

The reference currency of the Company is expressed in Euro.

## THE COMPANY

The Company was incorporated in Luxembourg for an unlimited period on 24 January 2014 under the name "**COELI SICAV I**" and registered with the *Registre de Commerce et des Sociétés* of Luxembourg under number B 184100.

The minimum capital as provided by the 2010 Law is set at EUR 1.250.000,00 (one million two hundred and fifty thousand Euro). The Company's capital is at all times equal to the sum of the values of the net assets of its Sub-Funds and represented by Shares of no par value.

Variations in the capital are effected "ipso jure" (automatically by the effect of law).

The Company's deed of incorporation ("Articles of Incorporation") has been filed with the *Registre de Commerce et des Sociétés* of Luxembourg and published on 11 February 2014 in the Luxembourg Official Gazette, the *Mémorial C, Recueil des Sociétés et Associations* (the "*Mémorial*"), where they may be consulted and where copies may be obtained upon payment of the applicable charges.

# II. MANAGEMENT AND ADMINISTRATION

## 1. BOARD OF DIRECTORS

The Board of Directors is responsible for the administration, management and marketing of the Company and of the assets of each Sub-Fund. It may carry out all acts of management and administration on behalf

of the Company; it may in particular purchase, sell, subscribe or exchange any Transferable Securities, Money Market Instruments and other eligible assets and exercise all rights directly or indirectly attached to the Company's assets.

The list of the members of the Board of Directors, as well as of the other administrative bodies in operation may be found in this Prospectus and in the periodic reports.

## **2. MANAGEMENT COMPANY**

MDO Management Company S.A. (the "Management Company"), has been appointed as management company of the Company, to perform investment management, administration and marketing functions for the Company pursuant to the agreement effective as of 1 May 2015 between the Company and the Management Company.

The Management Company is a company incorporated under Luxembourg law with registered office situated at 19, rue de Bitbourg, L-1273 Luxembourg, Grand Duchy of Luxembourg registered with the Luxembourg companies register under number R.C.S. B 96744. The Management Company was incorporated for an unlimited duration in Luxembourg on 23 October 2003 in the form of a public limited company (*société anonyme*), in accordance with the 1915 Law.

The deed of incorporation of the Management Company was published in the *Mémorial* on 26 November 2003, number of the *Mémorial* 1252. Its capital amounts to EUR two million four hundred and fifty thousand (EUR 2,450,000). The approved statutory auditor (*réviseur d'entreprises agréé*) of the Management Company is Ernst & Young S.A., Luxembourg with its registered office at 35, avenue J-F Kennedy L-1855 Luxembourg.

The Management Company is governed by Chapter 15 of the 2010 Law and, in this capacity, is responsible for the collective management of the Company's portfolio in accordance with Appendix II to the 2010 Law.

The names of other undertakings for collective investment managed by the Management Company from time to time, if any, are available at the registered office of the Management Company. The Company may terminate the agreement with the Management Company upon 3 (three) months' written notice. The Management Company may resign from its duties provided it gives the Company 3 (three) months' written notice.

In accordance with the laws and regulations currently in force and with the prior approval of the Board of Directors, the Management Company is authorised to delegate, unless otherwise provided herein, all or part of its duties and powers to any person or company, which it may consider appropriate, it being understood that the Prospectus will be amended prior thereto and that the Management Company will remain entirely liable for the actions of such representative(s).

The management duties and the duties of administrative agent and registrar and transfer agent are currently delegated, as described hereafter.

The Management Company shall carry out distribution services for the purpose of marketing, distributing and promoting the Shares of the Sub-Funds. The Management Company can appoint one or several distributors in order to ascertain such distribution services. The Management Company has appointed Coeli Asset Management AB, as global distributor, pursuant to a global distribution agreement effective as of 1 May 2015.

As consideration for the above services, the Management Company shall be paid a commission as stipulated under Section VI below.

The Management Company has in place a remuneration policy in line with the Directive 2009/65/EC of the European Parliament and of the Council as amended.

The remuneration policy sets out principles applicable to the remuneration of senior management, all staff members having a material impact on the risk profile of the financial undertakings as well as all staff members carrying out independent control functions.

In particular, the remuneration policy complies with the following principles in a way and to the extent that is appropriate to the size, internal organisation and the nature, scope and complexity of the activities of the Management Company:

- it is consistent with and promotes sound and effective risk management and does not encourage risk taking which is inconsistent with the risk profiles, rules or Articles of Incorporation;
- if and to the extent applicable, the assessment of performance is set in a multi-year framework appropriate to the holding period recommended to the investors of the Company in order to ensure that the assessment process is based on the longer-term performance of the Company and its investment risks and that the actual payment of performance-based components of remuneration is spread over the same period;
- it is in line with the business strategy, objectives, values and interests of the Management Company and the Company and of the Shareholders, and includes measures to avoid conflicts of interest; and
- fixed and variable components of total remuneration are appropriately balanced and the fixed component represents a sufficiently high proportion of the total remuneration to allow the operation of a fully flexible policy on variable remuneration components, including the possibility to pay no variable remuneration component.

The remuneration policy is determined and reviewed at least on an annual basis by a remuneration committee.

The details of the up-to-date remuneration policy of the Management Company, including, but not limited to, a description of how remuneration and benefits are calculated, the identity of the persons responsible for awarding the remuneration and benefits, including the composition of the remuneration committee, are available on <http://www.mdo-manco.com/remuneration-policy>, a paper copy will be made available free of charge upon request.

Additional information which the Management Company must make available to investors in accordance with Luxembourg laws and regulations such as but not limited to complaints handling procedures of the Company's shareholders (the "Shareholders"), management of activities giving rise to detrimental conflict of interests, voting rights policy of the Management Company etc., shall be available at the registered office of the Management Company.

### ***3. DEPOSITARY BANK***

The Company has appointed RBC Investor Services Bank S.A. ("**RBC**"), having its registered office at 14, Porte de France, L-4360 Esch-sur-Alzette, Grand Duchy of Luxembourg, as depositary bank and principal paying agent (the "Depositary") of the Company with responsibility for the

- (a) safekeeping of the assets,
- (b) oversight duties and
- (c) cash flow monitoring

in accordance with the 2010 Law, as amended, and the Depositary Bank and Principal Paying Agent Agreement dated 18<sup>th</sup> of March 2016 and entered into between the Company and RBC (the "**Depositary Bank and Principal Paying Agent Agreement**").

RBC Investor Services Bank S.A. is registered with the Luxembourg Register for Trade and Companies (RCS) under number B-47192 and was incorporated in 1994 under the name "First European Transfer Agent". It is licensed to carry out banking activities under the terms of the Luxembourg law of 5 April 1993 on the financial services sector, as amended (the "**Law on Financial Sector**") and specialises in custody, fund administration and related services. Its equity capital as at 31 October 2016 amounted to approximately EUR 1,059,950,131.-.

The Depositary has been authorised by the Company to delegate its safekeeping duties (i) to delegates in relation to other Assets and (ii) to sub-custodians in relation to Financial Instruments and to open accounts with such sub-custodians.

An up to date description of any safekeeping functions delegated by the Depositary and an up to date list of the delegates and sub-custodians may be obtained, upon request, from the Depositary or via the following website link:

<http://gmi.rbcits.com/rt/gss.nsf/Royal+Trust+Updates+Mini/53A7E8D6A49C9AA285257FA8004999BF?opendocument>.

The Depositary shall act honestly, fairly, professionally, independently and solely in the interests of the Company and the Shareholders in the execution of its duties under the 2010 Law, and the Depositary Bank and Principal Paying Agent Agreement.

Under its oversight duties, the Depositary will:

- ensure that the sale, issue, repurchase, redemption and cancellation of Shares effected on behalf of the Company are carried out in accordance with the 2010 Law, and with the Articles of Incorporation,
- ensure that the value of Shares is calculated in accordance with the 2010 Law, as amended, and the Articles of Incorporation,
- carry out the instructions of the Company or the Management Company acting on behalf of the Company, unless they conflict with the 2010 Law, or the Articles of Incorporation,
- ensure that in transactions involving the Company's assets, the consideration is remitted to the Company within the usual time limits,
- ensure that the income of the Company is applied in accordance with the 2010 Law, as amended, or the Articles of Incorporation.

The Depositary will also ensure that cash flows are properly monitored in accordance with the 2010 Law, and the Depositary Bank and Principal Paying Agent Agreement.

### **Depositary's conflicts of interests**

From time to time conflicts of interests may arise between the Depositary and the delegates, for example where an appointed delegate is an affiliated group company which receives remuneration for another custodial service it provides to the Company. On an ongoing basis, the Depositary analyses based on applicable laws and regulations any potential conflicts of interests that may arise while carrying out its functions. Any identified potential conflict of interest is managed in accordance with the RBC's conflicts of interests' policy which is subject to applicable laws and regulation for a credit institution according to and under the terms of the Law on Financial Sector.

Further, potential conflicts of interest may arise from the provision by the Depositary and/or its affiliates of other services to the Company, the Management Company and/or other parties. For example, the Depositary and/or its affiliates may act as the depositary, custodian and/or administrator of other funds. It is therefore possible that the Depositary (or any of its affiliates) may in the course of its business have conflicts or potential conflicts of interest with those of the Company, the Management Company and/or other funds for which the Depositary (or any of its affiliates) acts.

The Depositary has implemented and maintains a management of conflicts of interests' policy, aiming namely at:

- Identifying and analysing potential situations of conflicts of interests;
- Recording, managing and monitoring the conflicts of interests situations in:
  - Implementing a functional and hierarchical segregation making sure that operations are carried out at arm's length from the Depositary business;
  - Implementing preventive measures to decline any activity giving rise to the conflict of interest such as:
    - The Depositary and any third party to whom the custodian functions have been delegated do not accept any investment management mandates;

- The Depositary does not accept any delegation of the compliance and risk management functions.
- The Depositary has a strong escalation process in place to ensure that regulatory breaches are notified to compliance which reports material breaches to senior management and the board of directors of the Depositary.
- A dedicated permanent internal audit department provides independent, objective risk assessment and evaluation of the adequacy and effectiveness of internal controls and governance processes.

**The Depositary confirms that based on the above no potential situation of conflicts of interest could be identified.**

An up-to-date information on conflicts of interest policy referred to above may be obtained, upon request, from the Depositary or via the following website link: [https://www.rbcits.com/AboutUs/CorporateGovernance/p\\_InformationOnConflictsOfInterestPolicy.aspx](https://www.rbcits.com/AboutUs/CorporateGovernance/p_InformationOnConflictsOfInterestPolicy.aspx).

#### ***4. ADMINISTRATIVE AGENT, DOMICILIARY AGENT AND REGISTRAR AND TRANSFER AGENT***

The Management Company has delegated its registrar and transfer agent and administrative agent duties to RBC Investor Services Bank S.A. as its administrative agent (hereafter referred to as the “Administrative Agent”) and as its registrar and transfer agent (the “Registrar Agent”), pursuant to an agreement effective as of 1 May 2015 between the Management Company, the Company and RBC Investor Services Bank S.A.

RBC Investor Services Bank S.A. is registered with the Luxembourg Company Register (RCS) under number B-47192 and has been incorporated in 1994 under the name "First European Transfer Agent". It is licensed to carry out banking activities under the terms of the Law on Financial Sector and specialises in custody, fund administration and related services. Its equity capital as at 31 October 2014 amounted to EUR 924.594.413.

As Administrative Agent RBC Investor Services Bank S.A. is responsible for the calculation of the Net Asset Value, the maintenance of books and records, the administration of the day-to-day operations and business of the Company and other general administrative functions. Further, the Administrative Agent is responsible for the calculation of the *taxe d'abonnement*, the reporting and publication services (such as e.g. the preparation of the financial reports, the liaising with the Company's auditor and the supervisory authorities, the filing with the supervisory authorities of all statements required under applicable laws and regulations in Luxembourg) as well as for the provision of the annual and semi-annual reports of the Company.

As Registrar Agent RBC Investor Services Bank S.A. is responsible for processing the issue (registration), redemption and conversion of Shares in the Company, for the settlement arrangements thereof, as well as for keeping official records of the Shareholders' register (the “Register”).

As domiciliary agent, RBC Investor Services Bank S.A. shall grant the Company an address to establish its registered office and shall assume the provisions of the services of domiciliary agent in accordance with applicable laws and regulations.

#### ***5. INVESTMENT MANAGERS***

For the day-to-day management of each of the Company's Sub-Funds, the board of directors of the Management Company may be assisted under its overall control and responsibility by one or several investment manager(s) (“Investment Manager(s)”), it being understood that the Prospectus will be amended accordingly and will contain detailed information.

The Investment Managers provide the Management Company with advice, reports and recommendations in connection with the management of the assets of the Sub-Funds and shall advise the Management Company as the selection of liquid assets and other securities and assets constituting the portfolios of the Sub-Funds and have discretion, on a day-to-day basis and subject to the overall control of the

Management Company, to purchase and sell such liquid assets and other securities and otherwise to manage the Sub-Funds' portfolios. Any management activities of the Investment Managers shall be subject to compliance with the investment objective, strategy and restrictions of the relevant Sub-Funds as set out in the respective fact sheet of the Sub-Funds in the Appendix IV of the Prospectus, as well as with any additional restrictions and directions notified by the Management Company to the Investment Managers from time to time.

The Investment Manager(s) can receive fees for their services provided to the Company as Investment Manager as described in the Sub-Fund's relevant data sheet under Appendix IV if applicable and are payable by the Company out of the assets of the relevant Sub-Fund.

In addition the Investment Manager may be entitled to receive a performance fee from the Company in accordance with the provision for each Sub-Fund, as described in the Sub-Fund's relevant data sheet under Appendix IV.

The Investment Manager may be assisted, under its overall control and responsibility and with prior approval of the Management Company, by one or more sub-investment managers (the "Sub-Investment Manager(s)") and/or investment advisor ("Investment Advisor(s)") for each Sub-Fund.

## ***6. GLOBAL DISTRIBUTOR***

The Management Company has delegated, with the consent of the Company, its distribution functions to Coeli Asset Management AB, with registered office at Sveavägen 24-26 SE-11157 Stockholm Sweden (the "Global Distributor"). Coeli Asset Management AB is a company regulated by the Swedish Financial Supervisory Authority, Finansinspektionen.

The Global Distributor is, inter alia, responsible for assisting investors and/or financial intermediaries to make applications for Shares and for observing all applicable laws and regulatory requirements relating to the promotion, distribution, sale and purchase of Shares in the relevant countries of distribution of Shares.

## ***7. NOMINEES***

The Company and the Management Company and the Global Distributor may decide to appoint distributors and local paying agents to act as nominees (hereinafter the "Nominees"). Nominees must be professionals of the financial sector, domiciled in countries in which financial intermediaries are subject to similar obligations of identification as those which are provided for under Luxembourg law and under Section III 2. C. "Fight against money laundering" below. Such Nominees may be appointed for the purpose of assisting it in the distribution of the Shares of the Company in the countries in which they are marketed. Certain distributors and local paying agents may not offer all of the Sub-Funds/ Classes of Shares or all of the subscription/redemption currencies to their customers. Customers are invited to consult their distributor or local paying agent for further details.

Nominee contracts will be signed between the Company or the Management Company and the Global Distributor, and the various distributors and/or local paying agents.

Copies of the various Nominee contracts, if any, are available to Shareholders during normal office hours at the Management Company's registered office and at the registered office of the Company.

The Shares of the Company may be subscribed directly at the head office of the Registrar Agent or through the intermediary of distributors appointed by the Management Company in countries where the Shares of the Company are distributed.

All distributors and nominee service providers must be (i) professionals of the financial sector of a Financial Action Task Force ("FATF") member country which are subject under their local regulations to anti money laundering rules equivalent to those required by Luxembourg law or (ii) professionals established in a non-FATF member state provided they are a subsidiary of a professional of the financial sector of a FATF member state and they are obliged to follow anti money laundering and terrorism financing rules equivalent to those required by Luxembourg law because of internal group policies.

A list of the distributors and local paying agents, if any, shall be at disposal at the Management Company's and the Company's registered office as well as at the registered office of the distributors and local paying agents.

## **8. AUDITOR OF THE COMPANY**

The Company's accounts and annual reports are revised by PricewaterhouseCoopers S.C., 2, rue Gerhard Mercator, L-2182 Luxembourg, Grand Duchy of Luxembourg, in its capacity as the Company's approved statutory auditor (the "Auditor").

## **III. THE SHARES**

### **1. GENERAL PRINCIPLES**

The Company's capital is represented by the assets of its various Sub-Funds, each Sub-Fund having its own investment policy. Subscriptions are invested in the assets of the relevant Sub-Fund.

#### **A. CLASSES OF SHARES**

Pursuant to the Articles of Incorporation, the Board of Directors may decide to issue, within each Sub-Fund, one or several Class(es) of Shares, the assets of which will be commonly invested but subject to specific features which are defined hereunder for the different Classes of Shares such as, but not limited to, sales and/or redemption charge structures, currency structures, marketing target or hedging policies. Where different Classes are issued within a Sub-Fund, the details of each Class are described in the Sub-Fund's relevant data sheet under Appendix IV. References herein to Shares of a Sub-Fund should be construed as being to Shares of a Class of a Sub-Fund also, if the context so requires.

For the time being, within each Sub-Fund, the Company has decided to issue Classes of Shares as further described in the synthetic table under Appendix IV.C.

Should it become apparent that Shares reserved to institutional investors within the meaning of article 174 (2) of the 2010 Law, are held by individuals other than those authorised, the Board of Directors will have the said Shares converted, at the cost of the relevant Shareholder, into Shares of another Class, if available, or redeemed, at the cost of the relevant Shareholder.

Before subscribing, investors are invited to check in each Sub-Fund's data sheet under Appendix IV which Classes of Shares are available in each Sub-Fund. Any minimum initial subscription amount, minimum further subscription amount and minimum holding amount, if any, are also mentioned in the list of Sub-Funds launched under Appendix IV.C. The Board of Directors may waive such amounts if it is in the interest of the Company or its investors.

The Shares will be issued at the subscription prices calculated on each Valuation Day mentioned under each Sub-Fund's relevant data sheet under Appendix IV.

The assets of the various Classes of a Sub-Fund are combined into one single portfolio which is segregated from the assets of the other Sub-Funds of the Company.

The Company may, in the interests of the Shareholders, split or consolidate the Shares of any Sub-Fund or Class.

The Company may open further Sub-Funds and thus create new Shares of each Class representing the assets of these Sub-Funds.

Any individual or corporate entity may acquire Shares in the various Sub-Funds making up the net assets of the Company by following the procedures defined in this section.

The Shares of each Sub-Fund are of no par value and carry no preferential subscription rights upon the issue of new Shares. Each Share carries one vote at the general meetings of Shareholders, regardless of its Net Asset Value.

All Shares in the Company must be fully paid up.

## **B. REGISTERED SHARES**

The Shares of each Sub-Fund are, as determined by the Board of Directors, issued in registered form. Shareholders will receive confirmations of inscription in the Register, at the Shareholder's requests.

The inscription of the Shareholder's name in the Register of Shareholders evidences his or her right of ownership of such Shares.

All Shares are of no par value and carry no preferential or pre-emptive rights. Each Share of the Company to whatever Sub-Fund it belongs is entitled to one vote at any general meeting of Shareholders, in compliance with Luxembourg law and the Articles of Incorporation.

The Company draws the investors' attention to the fact that any investor will only be able to fully exercise his investor rights directly against the Company, notably the right to participate in general meetings of Shareholders, if the investor is registered himself and in his own name in the Register. In cases where an investor invests in the Company through an intermediary investing into the Company in his own name but on behalf of the investor, it may not always be possible for the investor to exercise certain Shareholder rights directly against the Company. Investors are advised to take advice on their rights.

## **C. FRACTIONS OF SHARES**

Fractions of Shares with up to four decimal places will rounded down and be issued for registered Shares deposited directly with the Depositary.

Share transfer forms for the transfer of registered Shares are available at the registered office of the Registrar Agent.

## **D. UNITED STATES OF AMERICA (THE "USA")**

The Shares have not been registered under the United States Securities Act of 1933, as amended (the "1933 Act"); they may therefore not be publicly offered or sold in the USA, or in any of its territories subject to its jurisdiction or to or for the benefit of a U.S. Person as such expression is defined by Article 10 of the Articles of Incorporation and hereinafter.

The Shares are not being offered in the USA, and may be so offered only pursuant to an exemption from registration under the 1933 Act, and have not been registered with the Securities and Exchange Commission or any state securities commission nor has the Company been registered under the Investment Company Act of 1940, as amended (the "1940 Act"). No transfer or sale of the Shares shall be made unless, among other things, such transfer or sale is exempt from the registration requirement of the 1933 Act and any applicable state securities laws or is made pursuant to an effective registration statement under the 1933 Act and such state securities laws and would not result in the Company becoming subject to registration or regulation under the 1940 Act. Shares may furthermore not be sold or held either directly by nor to the benefit of, among others, a citizen or resident of the USA, a partnership organized or existing in any state, territory or possession of the USA or other areas subject to its jurisdiction, an estate or trust the income of which is subject to United States federal income tax regardless of its source, or any corporation or other entity organized under the law of or existing in the USA or any state, territory or possession thereof or other areas subject to its jurisdiction (a "U.S. Person"). All purchasers must certify that the beneficial owner of such Shares is not a U.S. Person and is purchasing such Shares for its own account, for investment purposes only and not with a view towards resale thereof.

## **E. FATCA**

FATCA, a portion of the Hire Act, became law in the United States in 2010. It requires financial institutions outside the US ("foreign financial institutions" or "FFIs") to pass information about "Financial Accounts" held by specified US persons, directly or indirectly, to the US tax authorities, the Internal Revenue Service ("IRS") on an annual basis. A 30% withholding tax is imposed on certain US source income of any FFI that fails to comply with this requirement. On 28 March 2014, the Grand-Duchy of Luxembourg entered into a Model 1 Intergovernmental Agreement ("IGA") with the United States of America and a memorandum of understanding in respect thereof. The Company would hence have to comply with such Luxembourg IGA, as implemented into Luxembourg law by the Law of 24 July 2015 relating to FATCA (the "FATCA Law") in order to comply with the provisions of FATCA rather than directly complying with the US Treasury Regulations implementing FATCA. Under the FATCA Law and the Luxembourg IGA, the Company may be required to collect information aiming to identify its direct and indirect shareholders that are specified US

persons for FATCA purposes ("FATCA reportable accounts"). Any such information on FATCA reportable accounts provided to the Company will be shared with the Luxembourg tax authorities which will exchange that information on an automatic basis with the Government of the United States of America pursuant to Article 28 of the convention between the Government of the United States of America and the Government of the Grand-Duchy of Luxembourg for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes in Income and Capital, entered into in Luxembourg on 3 April 1996. The Company intends to comply with the provisions of the FATCA Law and Luxembourg IGA to be deemed compliant with FATCA and will thus not be subject to the 30% withholding tax with respect to its share of any such payments attributable to actual and deemed U.S. investments of the Company. The Company will continually assess the extent of the requirements that FATCA and notably the FATCA Law place upon it.

To ensure the Company's compliance with FATCA, the FATCA Law and the Luxembourg IGA in accordance with the foregoing, the Company may:

- a. request information or documentation, including W-8 tax forms, a Global Intermediary Identification Number, if applicable, or any other valid evidence of a Shareholder's FATCA registration with the IRS or a corresponding exemption, in order to ascertain such Shareholder's FATCA status;
- b. report information concerning a Shareholder and his account holding in the Company to the Luxembourg tax authorities if such account is deemed a FATCA reportable account under the FATCA Law and the Luxembourg IGA;
- c. report information to the Luxembourg tax authorities (*Administration des Contributions Directes*) concerning payments to Shareholders with FATCA status of a non-participating foreign financial institution;
- d. deduct applicable US withholding taxes from certain payments made to a Shareholder by or on behalf of the Company in accordance with FATCA, the FATCA Law and the Luxembourg IGA; and
- e. divulge any such personal information to any immediate payor of certain U.S. source income as may be required for withholding and reporting to occur with respect to the payment of such income.

## **2. SHARE ISSUE AND SUBSCRIPTION PRICE**

### **A. CONTINUOUS OFFERING**

After the close of the Initial Offering Period (as stipulated in each Sub-Fund's relevant data sheet under Appendix IV) each Sub-Fund's Share may be subscribed at the registered office of the Registrar Agent on any Valuation Day as stipulated in each Sub-Fund's relevant data sheet under Appendix IV at a price per Share equal to the Net Asset Value per Share calculated on such relevant Valuation Day for the relevant Sub-Fund plus a maximum subscription fee (for the benefit of the distributor) in accordance with the provision described in the Sub-Fund's relevant data sheet under Appendix IV.

This subscription fee may be retroceded to the various financial intermediaries involved in the marketing of the Shares.

Any investor applying for subscription of Shares may at any time request such subscription by way of a written application, considered irrevocable, sent to the Registrar Agent. Requests must contain the following information:

- the exact name and address of the person making the subscription request
- the amount or the number of Shares to be subscribed
- the Sub-Fund to which such subscription applies
- the Class of Shares concerned
- the subscription amount and instruction of payments to be used in cases of future redemptions.

Provided the application together with any required documentation as well as cleared funds are received prior to the cut-off time stated in the information regarding of each Sub-Fund, the Shares will be issued based on the Net Asset Value per Share applicable on that Valuation Day. If received thereafter, the application will be deferred to the following Valuation Day.

Shares will be allotted on receipt of the payment and of the duly fulfilled application form.

The Company reserves the right to reject any application in whole or in part. Details of the method of application for Shares are set out in the application form. Application forms can be obtained from the registered office of the Registrar Agent. Investors may apply for Shares by facsimile or letter at the registered office of the Registrar Agent.

Payment must be made in the reference currency of the Class of Shares in accordance with the provisions described in the Sub-Fund's relevant data sheet under Appendix IV. If the payment is made in a currency different from the reference currency of the relevant Class or Sub-Fund, any currency conversion cost shall be borne by the respective Shareholder or the payment may be rejected.

The Board of Directors may, under its own responsibility and in accordance with this Prospectus accept subscriptions by way of *in specie* transfer of assets. In exercising its discretion, the Board of Directors will take into account the investment objective, philosophy and approach of the relevant Sub-Fund and whether the proposed *in specie* assets comply with those criteria including the permitted investments of such Sub-Fund.

In order for Shares in the Company to be issued further to an *in specie* subscription, the transfer of the legal ownership of the assets to Company must have been completed and the assets in question must have already been valued. In the specific case of an *in specie* transfer of shares or units of a UCITS or other UCI, Shares will only be issued once the name of the Company has been entered into in the register of shareholders or unitholders of the relevant UCITS or other UCI and the shares or units of the UCITS or other UCI have been valued on the basis of the next net asset value to be calculated after the aforementioned entry.

For any *in specie* subscription, a valuation report will be drawn up by the Company's auditors giving in particular the quantity, denomination and method of valuation adopted for these assets. Such special audit report will also specify the total value of the assets expressed in the currency of the Sub-Fund concerned by this contribution. Upon receipt of that verification and a properly completed application form, the Registrar Agent will allot the requisite number of Shares in the normal manner. The Board Directors reserves the right to decline to register any person on the Register until the subscriber has been able to prove title to the assets in question. The subscriber shall be responsible for all custody and other costs involved in changing the ownership of the relevant assets unless the Board of Directors otherwise agrees. The specific costs for such subscriptions *in specie*, in particular the cost of the said special audit report will be borne by the subscriber.

Taxes or brokerage fees that may be due on a subscription are paid by the subscriber. Under no circumstances may these costs exceed the maximum authorised by the laws, regulations and general banking practices of the countries in which the Shares are acquired.

The Board of Directors has resolved to only accept Shareholders' initial applications for ownership in any Sub-Fund Class of Shares for a minimum initial subscription amount stipulated in the list of Sub-Funds launched under Appendix IV.C.

The Board of Directors may set for each Sub-Fund or Class of Shares different minimum initial subscription amounts, minimum further subscription amounts and minimum holding amounts, in accordance with the provision described in the list of Sub-Funds launched under Appendix IV.C.

No Shares will be issued by the Company in a Sub-Fund during any period when the calculation of the Net Asset Value per Share of such Sub-Fund is suspended by the Board of Directors pursuant to the power reserved to it by the Articles of Incorporation and described under Section IV "Net Asset Value" hereafter. Notice of any such suspension shall be given to the persons having applied for subscription, and any application either presented or suspended along such suspension may be withdrawn by way of a written notice to be received by the Company prior to the termination of the relevant suspension which will inform the Registrar Agent. Unless so withdrawn, any application shall be taken into consideration on the first Valuation Day following such suspension.

The issue price of Shares in the Sub-Funds is available at the registered office of the Company, of the Management Company and of the Administrative Agent.

## **B. REFUSAL OF SUBSCRIPTIONS**

The Company may restrict or prevent the ownership of Shares by any person, firm or company.

The Company does not allow market timing (defined as an arbitrage method through which an investor systematically subscribes and redeems or converts Shares of the Company within a short time period, by taking advantage of time differences and/or imperfections or deficiencies in the method of determination of the Net Asset Value of the Company).

Moreover, in any case of suspicion of such market timing practice, the Board of Directors reserves the right to:

- refuse any subscription;
- redeem at any time Shares in the Company.

Such actions do not need to be justified.

### **C. FIGHT AGAINST MONEY LAUNDERING AND FINANCING OF TERRORISM**

In accordance with international regulations and Luxembourg laws and regulations (including, but not limited to, the amended Law of November 12, 2004 on the fight against money laundering and financing of terrorism, the Grand Ducal Regulation dated 1 February 2010, CSSF Regulation 12-02 of 14 December 2012, CSSF Circulars 13/556 and 15/609 concerning the fight against money laundering and terrorist financing, and any respective amendments or replacements, obligations have been imposed on all professionals of the financial sector in order to prevent undertakings for collective investment from money laundering and financing of terrorism purposes. As result of such provisions, the registrar and transfer agent of a Luxembourg UCI must ascertain the identity of the subscriber in accordance with Luxembourg laws and regulations. The registrar and transfer agent may require subscribers to provide any document it deems necessary to effect such identification. In addition, the Registrar Agent, as delegate of the Company, may require any other information that the Company may require in order to comply with its legal and regulatory obligations, including but not limited to the CRS Law (as defined below).

In case of delay or failure by an applicant to provide the required documentation, the subscription request will not be accepted and in case of redemption, payment of redemption proceeds delayed. Neither the Company nor the Registrar Agent will be held responsible for said delay or failure to process deals resulting from the failure of the applicant to provide documentation or incomplete documentation.

From time to time, Shareholders may be asked to supply additional or updated identification documents in accordance with client's ongoing due diligence obligations according to the relevant laws and regulations.

## ***3. REDEMPTION OF SHARES***

Unless otherwise provided for in Appendix IV, Shareholders may place redemption orders every Bank Business Day for all or part of their shareholdings. Redemption requests, considered irrevocable, should be sent to the registered office of the Registrar Agent. Requests must contain the following information:

- the exact name and address of the person making the redemption request
- the number of Shares or the amount to be redeemed
- the Sub-Fund to which such Shares belong
- the Class of Shares and instruction of payments to be used in cases to credit the investor.

Provided the application together with any required documentation is received prior to the cut-off time stated in Appendix IV in relation to each Sub-Fund, the Shares will be redeemed based on the Net Asset Value per Share applicable on that Valuation Day. If received thereafter, the application will be deferred to the next following Valuation Day.

A redemption fee (for the benefit of the relevant Class) at a maximum rate in accordance with the provision described in the Sub-Fund's relevant data sheet under Appendix IV may be deducted from this amount.

The redemption value may be higher than, equal to, or lower than the initial purchase price.

The redemption price may be rounded up or down to the nearest unit of the relevant currency as the Board of Directors shall determine.

Unless otherwise provided for in Appendix IV, the redemption proceeds will be paid on the third Bank Business Day after the relevant Valuation Day by bank transfer.

The payment of the redemption price shall automatically be made in the reference currency of the relevant Class of Shares or Sub-Fund, except upon instructions to the contrary are received from the Shareholder. In such case, payment may be made in the reference currency of the Company or in any other freely convertible currency and any currency conversion cost shall be deducted from the amount payable to that Shareholder.

Redemption orders will not actually be processed, and the redemption proceeds will not actually be paid until the redemption form for registered Shares has been received.

Neither the Board of Directors, nor the Registrar Agent will be held responsible for any lack of payment of whatever form resulting from the application of possible exchange controls or other circumstances beyond its/their control which may limit or render impossible the transfer of the redemption proceeds to other countries.

In relation to an application for redemption, or transfer of Shares, the Company and/or Registrar Agent may require at any time such documentation as it/they deem appropriate. Failure to provide such information in a form which is satisfactory to the Company and/or Registrar Agent may result in an application for redemption or transfer not being processed. Should documentation not be forthcoming with regard to the return of payments or the redemption of Shares, then such payment may not proceed. No third party payments will be made.

In addition to the suspension of the issue of Shares, a suspension of the calculation of the Net Asset Value of a Sub-Fund entails also the suspension of redemptions of that Sub-Fund as set out in Section IV.2. below. Any suspension of redemptions will be notified in accordance with Section IV "Net Asset Value" by all appropriate means to the Shareholders having presented their requests, the execution of which has been differed or suspended. The Board of Directors may decide to delay the payment of redemption proceeds, in circumstances where the Company is unable to repatriate cash proceeds or during any period where the calculation of the Net Asset Value has been suspended.

The payment of redemption proceeds that has been delayed will occur within three Bank Business Days after the next Valuation Day following the suspension.

If the total net redemption requests received for one Sub-Fund or one Class on any Valuation Day exceed 10% of the Net Asset Value thereof, the redemption requests presented may be reduced and differed proportionally so as to reduce the number of Shares redeemed on such day to 10% of the Net Asset Value of the Sub-Fund or Class in question. Any redemption request thus differed will have priority over the redemption requests received on the following Valuation Day, but always subject to the limit of 10% mentioned above.

In normal circumstances the Board of Directors will maintain adequate level of liquid assets in order to meet redemption requests.

### **Redemption in specie**

The Board of Directors may at the request of a Shareholder elect to satisfy a redemption in whole or in part by way of the transfer *in specie* of assets of the Company. The Board of Directors will ensure that the transfer of assets *in specie* in cases of such redemptions will not be detrimental to the remaining Shareholders of the Company by pro-rating the redemption *in specie* as far as possible across the entire portfolio of securities and will ensure that all Luxembourg law provisions have been respected, and in particular, in accordance with article 8 of the Articles of Incorporation, the obligation to present an evaluation report from the Auditor of the Company confirming the number, the denomination and the value of the assets which the Board of Directors will have determined to be transferred in counterpart of the redeemed Shares. This audit report will also confirm the way of determining the value of the assets which will have to be identical to the procedure for determining the Net Asset Value of the Shares. The specific costs for such redemptions *in specie*, in particular the cost of the special audit report will be borne by the redeeming Shareholder or by a third party, but will not be borne by the Company unless the Board of Directors considers that the redemption in kind is in the interest of the Company or made to protect the interests of the Company.

#### **4. CONVERSION OF SHARES**

If such right is set out in Appendix IV of the Prospectus, Shareholders have the right, subject to the provisions hereinafter specified, to convert on the Valuation Day specified for each Sub-Fund in Appendix IV of the Prospectus Shares from one Sub-Fund for Shares of another Sub-Fund within the same Class of Shares or to convert whole or part of their Shares of one Class into Shares of another Class, if any, within the same Sub-Fund.

A conversion can be analysed as a simultaneous transaction of redemption and subscription of Shares.

Consequently, such a transaction may only be processed on the first Valuation Day on which both the Net Asset Values of the Sub-Funds involved in the said transaction are calculated.

Shareholders of one Class in a Sub-Fund may request at any time the conversion of all or part of their holdings into Shares of another Class in the same or another Sub-Fund. Only institutional investors within the meaning of article 174 (2) of the 2010 Law may convert their Shares into a Class that is reserved to institutional investors.

Conversion, considered irrevocable, must be sent at the registered office of the Registrar Agent by letter or facsimile, and by indicating the name of the Sub-Fund into which the Shares are to be converted and specifying the Class of the Shares to be converted, the Class of the Shares of the new Sub-Fund to be issued. If this information is not given, the conversion will be made into Shares of the same Class.

Provided the application together with the required documentation is received prior to the cut-off time stated in the information regarding of each Sub-Fund in Appendix IV of the Prospectus, the Shares will be converted based on the Net Asset Value per Share applicable on that Valuation Day. If received thereafter, the application will be deferred to the following Valuation Day.

The conversion proceeds will normally be settled on the third Bank Business Day after the relevant Valuation Day.

Shares may be converted on any Valuation Day following receipt of the conversion request, by reference to the Net Asset Value of the Shares of the Sub-Funds concerned as established on such Valuation Day.

The rate at which all or part of the holding of a given Sub-Fund or Class (the "original Sub-Fund") is converted into Shares of another Sub-Fund or Class (the "new Sub-Fund") is determined as precisely as possible in accordance with the following formula:

$$\frac{A = ((B \times C) - F) \times E}{D}$$

- A being the number of Shares of the new Sub-Fund to be attributed;
- B being the number of Shares of the original Sub-Fund to be converted;
- C being the prevailing Net Asset Value per Share of the original Sub-Fund on the day in question;
- D being the prevailing Net Asset Value per Share of the new Sub-Fund on the day in question; and
- E being the exchange rate applicable at the time of the transaction between the currency of the Sub-Fund to be converted and the currency of the Sub-Fund to be attributed;
- F being a conversion fee payable to the original Sub-Fund, at a maximum rate in accordance with the provision described in the Sub-Fund's relevant data sheet under Appendix IV.

A conversion fee (for the benefit of the original class) at a maximum rate in accordance with the provision described in the Sub-Fund's relevant data sheet under Appendix IV may be deducted from the prevailing Net Asset Value per Share of the original Sub-Fund used for the conversion. This maximum rate should be the same applicable rate for all the conversion order executed on the same Valuation Day.

After conversion, the Registrar Agent will inform the Shareholders of the number of Shares obtained of the new Sub-Fund and their cost.

In converting Shares of a Sub-Fund into Shares of another Class or Sub-Fund, a Shareholder must meet the applicable minimum initial subscription amount requirements of this target Class or Sub-Fund, if any.

If, as a result of any request for conversion, the number of Shares held by any Shareholder in a Sub-Fund or Class would fall below the value of minimum initial subscription amount indicated in the old Sub-Fund, the Company may treat such request as a request to convert the entire shareholding of such Shareholder. In addition, the Shareholder must comply with the minimum holding requirements, if any, with respect to the new Sub-Fund, as stipulated in the list of Sub-Funds launched under Appendix IV.C.

No conversion of Shares may be carried out whenever the calculation of the Net Asset Value of one of the Sub-Funds involved in the conversion operation is suspended.

Any suspension of conversions will be notified in accordance with Section IV “Net Asset Value” by all appropriate means to the Shareholders having presented their requests, the execution of which has been differed or suspended.

## ***5. PREVENTION OF MARKET TIMING AND LATE TRADING PRACTICES – SWING PRICING***

The SICAV does not allow investments which are associated with late trading or market timing practices, as such practices may adversely affect the interests of the Shareholders.

### ***5.1 Market Timing***

Market Timing is to be understood as an arbitrage method through which an investor systematically subscribes and redeems or converts shares of the same UCI within a short time period, by taking advantage of time differences and/or imperfections or deficiencies in the method of determination of the Net Asset Value of the UCI.

Accordingly, the Board of Directors may, whenever it deems it appropriate, cause the Registrar Agent to reject an application for subscription and/or switching of Shares from investors whom the Directors consider market timer and may, if necessary, take appropriate measures in order to protect the interests of the other investors. For these purposes, the Board of Directors may consider an investor's trading history and the Registrar Agent may combine Shares which are under common ownership or control.

### ***5.2 Late Trading***

Late Trading is to be understood as the acceptance of a subscription, conversion or redemption order after the time limit fixed for accepting orders (cut-off time) on the relevant day and the execution of such order at the price based on the Net Asset Value applicable to such same day.

Therefore, the subscriptions, conversions or redemptions are dealt with at an unknown Net Asset Value.

### ***5.3 Swing Pricing***

Acting in the Shareholders' interest, the Net Asset Value per Share of a Sub-Fund may be adjusted if on any Valuation Day and taking into account the prevailing market conditions the level of subscriptions, redemptions and conversions requested by Shareholders in relation to the size of the respective Sub-Fund exceeds a threshold set by the Board of Directors from time to time for that Sub-Fund (relating to the cost of market dealing for that Sub-Fund). Such adjustment (also known as “Swing Pricing”), as determined by the Board of Directors at their discretion, may reflect both the estimated fiscal charges and dealing costs (brokerage and transaction costs) that may be incurred by the Sub-Fund and the estimated bid/offer spread of the assets in which the respective Sub-Fund invests. The adjustment will be an addition when the net movement results in an increase of the Net Asset Value of the respective Sub-Fund and a deduction when it results in a decrease.

## ***6. STOCK EXCHANGE LISTING***

It will be set out in Appendix IV of the Prospectus whether the Shares of one of the Company's Sub-Funds or Classes are listed on the Luxembourg Stock Exchange and the Board of Directors may decide in relation thereto at its discretion.

## IV. NET ASSET VALUE

### **1. GENERAL PRINCIPLES**

#### **A. DEFINITION AND CALCULATION OF THE NET ASSET VALUE**

The Net Asset Value per Share of each Sub-Fund and Class of Shares of the Company is calculated in Luxembourg by the Administrative Agent, under the responsibility of the Management Company, on each Valuation Day on a frequency as defined in the Sub-Funds' relevant data sheets under Appendix IV, provided this day is a Bank Business Day in Luxembourg.

The Net Asset Values are expressed in the Sub-Fund's and Class' respective reference currency, as stated in the list of Sub-Funds launched under Appendix IV.C.

The value of the Shares of each Sub-Fund and Class is obtained by dividing the Net Asset Value of the assets of the Sub-Fund and Class considered by the number of outstanding Shares of these Sub-Funds and Classes. The number of decimals for the calculation of the Net Asset Value will be rounded up to 2 decimals.

If the Board of Directors considers that the Net Asset Value calculated on a given Valuation Day is not representative of the true value of the Company's Shares, or if, since the calculation of the Net Asset Value, there have been significant fluctuations on the stock exchanges concerned, the Board of Directors may decide to actualise the Net Asset Value on that same day. In these circumstances, all subscription, redemption and conversion requests received for that day will be handled on the basis of the actualised Net Asset Value with due care and good faith.

#### **B. DEFINITION OF THE PORTFOLIOS OF ASSETS**

The Board of Directors will establish a distinct portfolio of net assets for each Sub-Fund. Where relations between Shareholders and third parties are concerned, this portfolio will be attributed only to the Shares issued by the Sub-Fund in question, taking into account, if necessary, the break-down of this portfolio between the Shares of this Sub-Fund, in accordance with the provisions of this clause.

In order to establish these different portfolios of net assets:

1. if two or more Shares' Classes belong to a given Sub-Fund, the assets allocated to such Classes will be invested together according to the investment policy of the relevant Sub-Fund subject to the specific features of said Shares' Classes;
2. the proceeds resulting from the issue of the Shares of a Class of a given Sub-Fund will be attributed in the Company's accounts to the relevant Class of this Sub-Fund and the assets, liabilities, income and expenses relating to this Sub-Fund/ Class will also be attributed thereto;
3. the assets, liabilities, income and expenses relating to this Sub-Fund/ Class will also be attributed thereto;
4. where any asset derives from another asset, such derivative asset will be applied in the books of the Company to the same Sub-Fund from which it was derived, and on each subsequent revaluation of an asset, the increase or decrease in value will be attributed to the Sub-Fund to which it belongs;
5. if the Company has to bear a liability which is connected with an asset of a particular Sub-Fund or Class with a transaction carried out in relation to an asset of a particular Sub-Fund or Class, this liability will be attributed to that particular Sub-Fund or Class (for example: hedging transactions);
6. in the case where any asset or liability of the Company cannot be considered as being attributable to a particular Class of Shares, such asset or liability shall be allocated to all the Classes of Shares pro rata to their respective Net Asset Values or in such other manner as determined by the Board of Directors acting in good faith. With reference to the relations between Shareholders and third parties, each Sub-Fund and Class of Shares will be treated as a separate entity.

## C. VALUATION OF ASSETS

The assets of each Sub-Fund of the Company will be valued in accordance with the following principles:

1. The value of any cash at hand or on deposit, bills, demand notes and accounts receivable, prepaid expenses, dividends and interests matured but not yet received shall be valued at the par-value of the assets, except if it appears that such value is unlikely to be received. In such a case, subject to the approval of the Board of Directors, the value shall be determined by deducting a certain amount to reflect the true value of the assets.
2. The value of Transferable Securities, Money Market Instruments and/or financial derivative instruments listed on an official Stock Exchange or dealt in on a regulated market which operates regularly and is recognised and open to the public (a "Regulated Market"), as defined by laws and regulations in force, is based on the latest available price and if such Transferable Securities are dealt in on several markets, on the basis of the latest known price on the stock exchange which is normally the principal market for such securities. If the latest known price is not representative, the value shall be determined based on a reasonably foreseeable sales price to be determined prudently and in good faith.
3. In the event that any Transferable Securities or/and Money Market Instruments are not listed or dealt in on any stock exchange or any other Regulated Market operating regularly, recognised and open to the public, as defined by the laws and regulations in force, the value of such assets shall be assessed on the basis of their foreseeable sales price estimated prudently and in good faith.
4. The liquidating value of derivative contracts not traded on exchanges or on other Regulated Markets shall mean their net liquidating value determined by the Board of Directors in a fair and reasonable manner, on a basis consistently applied for each different variety of contracts. The liquidating value of futures, forward and options contracts traded on exchanges or on other Regulated Markets shall be based upon the last available settlement prices of these contracts on exchanges and Regulated Markets on which the particular futures, forward or options contracts are traded by the Company; provided that if a futures, forward and options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the Board of Directors may deem fair and reasonable.
5. Credit default swaps will be valued at their present value of future cash flows by reference to standard market conventions, where the cash flows are adjusted for default probability. Interest rate swaps will be valued at their market value established by reference to the applicable interest rates' curve. Other swaps will be valued at fair market value as determined in good faith pursuant to the procedures established by the board of directors and recognised by the auditor of the Company.
6. The value of Money Market Instruments not listed or dealt in on any stock exchange or any other Regulated Market and with remaining maturity of less than 12 (twelve) months and of more than 90 (ninety) days is deemed to be the nominal value thereof, increased by any interest accrued thereon. Money market instruments with a remaining maturity of 90 (ninety) days or less will be valued by the amortised cost method, which approximates market value.
7. Units of UCITS and/or other UCI will be valued at their last determined and available Net Asset Value or, if such price is not representative of the fair market value of such assets, then the price shall be determined by the Board of Directors on a fair and equitable basis. Units or shares of a closed-ended UCI will be valued at their last available stock market value.
8. All other securities and other assets will be valued at fair market value, as determined in good faith pursuant to procedures established by the Board of Directors.
9. The value of all assets and liabilities not expressed in the reference currency of a Sub-Fund will be converted into the reference currency of such Sub-Fund at rates last quoted by major banks. If such quotations are not available, the rate of exchange will be determined in good faith by or under procedures established by the Board of Directors.
10. The Board of Directors, at its sole discretion, may permit some other method of valuation to be used if it considers that such valuation better reflects the fair value of any asset of the Company.

Every other asset shall be assessed on the basis of the foreseeable realisation value which shall be estimated prudently and in good faith.

In the event that extraordinary circumstances render valuations as aforesaid impracticable or inadequate, the Company is authorised, prudently and in good faith, to follow other rules in order to achieve a fair valuation of its assets.

All and any assets not expressed in the currency of the Sub-Fund to which they belong shall be converted into the currency of that Sub-Fund at the exchange rate applying on the concerned Bank Business Day or at such exchange rate as may be agreed in the relevant forward contracts.

The value of the net assets per Share of each Class, as well as their issue, redemption and conversion prices shall be made available at the registered office of the Company every Bank Business Day.

Adequate deductions will be made for expenses to be borne by the Company and account will be taken of the Company's liabilities according to fair and prudent criteria. Adequate provisions will be made for the expenses to be borne by the Company and account may be taken of the Company's off balance sheet liabilities according to fair and prudent criteria.

## ***2. SUSPENSION OF THE CALCULATION OF THE NET ASSET VALUE, OF ISSUES, CONVERSIONS AND REDEMPTIONS OF SHARES***

- A. The Board of Directors is authorised to suspend temporarily the calculation of the Net Asset Value of the assets of one or more Sub-Fund(s) or Class(es) of the Company and the Net Asset Value per Share of such Sub-Fund(s) or Class(es), as well as the issue, redemption and conversion of the Shares of these Sub-Funds or Classes, in the following cases:
- a) when any of the principal stock exchanges, on which a substantial portion of the assets of one or more Sub-Funds of the Company is quoted, is closed other than for ordinary holidays, or during which dealings therein are suspended or restricted;
  - b) when the market of a currency, in which a substantial portion of the assets of one or more Sub-Fund(s) or Class(es) of the Company is denominated, is closed other than for ordinary holidays, or during which dealings therein are suspended or restricted;
  - c) when any breakdown arises in the means of communication normally employed in determining the value of the assets of one or more Sub-Fund(s) or Class(es) of the Company or when for whatever reason the value of one of the Company's investments cannot be rapidly and accurately determined;
  - d) when exchange restrictions or restrictions on the transfer of capital render the execution of transactions on behalf of the Company impossible, or when purchases or sales made on behalf of the Company cannot be carried out at normal exchange rates;
  - e) when political, economic, military, monetary or fiscal circumstances which are beyond the control, responsibility and influence of the Company prevent the Company from disposing of the assets, or from determining the Net Asset Value, of one or more Sub-Fund(s) or Class(es) of the Company in a normal and reasonable manner;
  - f) as a consequence of any decision to liquidate or dissolve the Company or one or several Sub-Fund(s);
  - g) in the event of the publication (i) of the convening notice to a general meeting of shareholders at which a resolution to wind up the Company or any Sub-Fund is to be proposed, or of the decision of the Board of Directors to wind up one or more Sub-Funds, or (ii) to the extent that such a suspension is justified for the protection of the shareholders, of the notice of the general meeting of shareholders at which the merger of the Company or a Sub-Fund is to be proposed, or of the decision of the Board of Directors to merge one or more Sub-Funds;
  - h) where the master UCITS of a feeder Sub-Fund temporarily suspends the repurchase, redemption or subscription of its units/shares, whether on its own initiative or at the request of its competent authorities.
  - i) any other circumstances beyond the control of the Board of Directors as determined by the Directors in their discretion.

- B. Any suspension of the calculation of the Net Asset Value of the Shares of one or more Sub-Fund(s) or Class(es) will be notified by the Company in such manner as it may deem appropriate. The Company will inform the Shareholders having requested the subscription, redemption or conversion of the Shares of these Sub-Funds or Classes of any suspension of calculation in the appropriate manner.

Such suspension with regard to any Sub-Fund or Classes of Shares shall have no effect on the calculation of the Net Asset Value of another Sub-Fund or Class.

During the suspension period, Shareholders may cancel any subscription, redemption or conversion orders they have placed. If orders are not cancelled, Shares will be issued, redeemed or converted on the basis of the first Net Asset Value calculated after the suspension period.

- C. In exceptional circumstances which may be detrimental to the Shareholders' interests (for example large numbers of redemption, subscription or conversion requests, strong volatility on one or more market(s) in which the Sub-Fund(s) or Class(es) is (are) invested, the Board of Directors reserves the right to postpone the determination of the value of this (these) Sub-Fund(s) or Class(es) until the disappearance of these exceptional circumstances and, if the case arises, until any essential sales of securities on behalf of the Company have been completed.

In such cases, subscriptions, redemption requests and conversions of Shares, which were suspended simultaneously, will be satisfied on the basis of the first Net Asset Value calculated thereafter.

## V. DIVIDENDS

If the Board of Directors decides to authorise the Company to make distributions of income and capital gains, details of the distribution policy will be disclosed in the Sub-Fund's relevant data sheet under Appendix IV.

No distribution may be made which would result in the net assets of the Company falling below the minimum provided for by Luxembourg law.

Unless otherwise stated in the relevant data sheet under Appendix IV, the current policy of the Board of Directors is to reinvest any dividends collected by the Company in further shares of the relevant Sub-Fund and Class.

Dividends not claimed within five years from their payment date will lapse and revert to the relevant Sub-Fund.

## VI. CHARGES AND EXPENSES

### ***1. FEES TO BE BORNE BY THE COMPANY***

The following costs may be charged to the Company:

- costs incurred in connection with the formation of the Company, including the cost of services rendered in the incorporation of the Company and in obtaining approval by the competent authorities;
- remuneration of the Investment Manager, the Depositary, the Principal Paying Agent, the Registrar Agent, the Administrative Agent and the Management Company and, if any, the remuneration of correspondents;
- Administrative and domiciliary agency fees, if any;
- expenses for legal and other professional services relating to the management of the Company and its Sub-Funds;
- Auditors' costs and audit fees;
- remuneration of the members of the Board of Directors and reimbursement of their reasonable expenses, if any, including the costs of a directors and officers liability insurance;

- costs of printing and publishing information for the Shareholders and in particular the costs of printing and distributing the periodic reports, as well as the Prospectuses, brochures and other marketing material;
- brokerage fees and any other fees arising from transactions involving securities in the Company's portfolio;
- all taxes and duties which may be payable on the Company's income;
- the annual registration fee (cf. Section IX.1.), as well as taxes or other fees payable to the supervisory authorities and costs relating to the distribution of dividends;
- extraordinary expenses, in particular those relating to the consultation of experts or other such proceedings as may protect the Shareholders' interests;
- annual fees payable for stock exchange listing, if any;
- subscriptions to professional associations and other organisations in Luxembourg, which the Company will decide to join in its own interest and in that of its Shareholders;
- risk and compliance management and fund reports;
- license fees for benchmark disclosure may be charged when a Sub-Fund uses a benchmark which requires a license.

The Company will pay to the Depositary, the Administrative Agent and the Registrar Agent an annual average global fee of maximum 0.30% based on the total net assets of the Company. The above remuneration is payable monthly in arrears out of the assets of each Sub-Fund and does not include the transaction fees and the costs of the appointed sub-custodians. The Depositary, the Administrative Agent as well as the Registrar Agent are entitled to be reimbursed of reasonable out of pocket expenses which are not included in the above mentioned rate.

The amount paid by the Company to the Depositary, the Administrative Agent and the Registrar Agent will be mentioned in the annual report of the Company

As domiciliary agent, RBC Investor Services Bank S.A., is entitled to receive a maximum fee of EUR 20,000 per annum paid by the Company.

As remuneration for its management company services the Management Company is entitled to receive out of the asset of each Class within each Sub-Fund a recurring management company fee of up to 0.04% p.a. or such other amount as determined in Appendix IV for each Sub-Fund and Class, subject to a minimum annual fee of EUR 9,000 per Sub-Fund. This fee will be calculated on a quarterly basis as the average of the month-end Net Asset Value of the previous quarter and shall be paid quarterly in arrears. In addition the Management Company is entitled to a fee of EUR 5,000.- p.a per Sub-Fund using the commitment approach and EUR 10,000.- p.a per Sub-Fund using the value at risk approach for the additional performance of risk management and compliance services.

As remuneration for its investment management duties, the Investment Manager is entitled to receive out of the assets of the each Class within each Sub-Fund a fee of up to 2.50% p.a. payable monthly in arrears. The investment management fee includes the fee to be paid to the Global Distributor. The percentage for each Class is set out in Appendix IV. In addition, the Investment Manager may receive a performance fee, if applicable for the relevant Sub-Fund's Class, as set out for each Class in Appendix IV.

In addition, any reasonable disbursements and out-of-pocket expenses, including telephone, telex, facsimile, electronic transmission and postage expenses etc. incurred by the Management Company, the Depositary, the Administrative Agent or the Registrar Agent within the framework of their mandates, as well as correspondents' costs, will be borne by the relevant Sub-Fund of the Company. The Paying Agent may charge a fee in accordance with the common market practice in the Grand Duchy of Luxembourg.

Under the terms of the agreement entered into by the Company and the Management Company, the Company will pay fees appearing in each Sub-Fund's relevant data sheet under Appendix IV.

All recurring general costs will be charged first against investment income, then, should this not be sufficient, against realised capital gains.

Expenses incurred in connection with the incorporation of the Company and the creation of the first Sub-Funds shall be borne by the Company and will be amortized over a period of five years. In the event of early termination of the Company, the unamortised portion of any costs and expenses will be accelerated, thereby decreasing amounts otherwise available for distribution.

Costs related to the establishment of any new Sub-Fund will be borne by such new Sub-Fund and amortised over a period of 1 (one) year from the date of establishment of such Sub-Fund or over any other period as the Board of Directors may determine, with a maximum of 5 (five) years starting on the date of the Sub-Fund's establishment.

When a Sub-Fund is liquidated, any setting-up costs that have not yet been amortised will be charged to the Sub-Fund being liquidated.

## ***2. FEES TO BE BORNE BY THE SHAREHOLDER***

The subscription fees paid by Shareholders are described in each relevant Sub-Fund's data sheet under Appendix IV.

## **VII. CONFLICT OF INTERESTS**

The Board of Directors of the Company, the Investment Manager, the Management Company and other affiliated companies may from time to time act as directors, investment manager or as management company to other investment funds/clients and may act in other capacities in respect of such other investment funds or clients. It is therefore possible that the Board of Directors, the Investment Manager, the Management Company and other affiliated companies may, in the course of their business, have potential conflicts of interest with the Company.

In the event that any conflict of interest actually arises, the members of the Board of Directors, the Management Company and/or the Investment Manager will ensure that such conflict is resolved fairly and in the best interests of the Company and of the Shareholders.

The Company may also invest in other investment funds which are managed by the Management Company, the Investment Manager or any of their affiliated companies. The members of the board of directors of the Management Company may also be directors of investment funds and the interest of such investment funds and of the Company could result in conflicts.

In the event that such a conflict arises, the members of the board of directors of the Management Company and the members of the Board of Directors will ensure that it is resolved in a fair manner and in the best interests of the Company and of the Shareholders.

## **VIII. RISK MANAGEMENT PROCESS**

The Company will employ an appropriate risk management system in order to detect, measure, manage and monitor in an appropriate manner the risks of the positions and their contribution to the overall risk profile of the relevant portfolio as further described in Appendix II.

## **IX. TAX STATUS - APPLICABLE LAW - OFFICIAL LANGUAGE**

### ***1. TAX STATUS***

The following information is based on the laws, regulations, decisions and practice currently in force in Luxembourg and is subject to changes therein, possibly with retrospective effect. This summary does not purport to be a comprehensive description of all Luxembourg tax laws and Luxembourg tax considerations that may be relevant to a decision to invest in, own, hold, or dispose of Shares and is not intended as tax advice to any particular investor or potential investor. Prospective investors should consult their own professional advisers as to the implications of buying, holding or disposing of Shares and to the provisions of the laws of the jurisdiction in which they are subject to tax. This summary does not describe any tax

consequences arising under the laws of any state, locality or other taxing jurisdiction other than Luxembourg.

#### **A. TAXATION OF THE COMPANY**

The Company is not subject to taxation in Luxembourg on its income, profits or gains.

The Company is not subject to net wealth tax in Luxembourg.

No stamp duty, capital duty or other tax will be payable in Luxembourg upon the issue of the Shares of the Company.

The Company is however subject to a subscription tax (*taxe d'abonnement*) levied at the rate of 0.05% per annum based on its net asset value at the end of the relevant quarter, calculated and paid quarterly. A reduced subscription tax rate of 0.01% per annum is applicable to Luxembourg UCITS whose exclusive object is the collective investment in money market instruments, the placing of deposits with credit institutions, or both.

A reduced subscription tax rate of 0.01% *per annum* is applicable to UCITS individual compartments of UCITS with multiple compartments, as well as for individual classes of securities issued within a UCITS or within a compartment of a UCITS with multiple compartments, provided that the securities of such compartments or classes are reserved to one or more institutional investors.

Subscription tax exemption applies to (i) investments in a Luxembourg UCI subject itself to the subscription tax, (ii) UCI, compartments thereof or dedicated classes reserved to retirement pension schemes, (iii) money market UCIs, (iv) UCITS and UCIs subject to the part II of the 2010 Law qualifying as exchange traded funds, and (v) UCIs and individual compartments thereof with multiple compartments whose main objective is the investment in microfinance institutions.

#### **B. WITHHOLDING TAX**

Interest and dividend income received by the Company may be subject to non-recoverable withholding tax in the source countries. The Company may further be subject to tax on the realised or unrealised capital appreciation of its assets in the countries of origin. The Company may benefit from double tax treaties entered into by Luxembourg, which may provide for exemption from withholding tax or reduction of withholding tax rate.

Distributions made by the Company are not subject to withholding tax in Luxembourg.

#### **C. TAXATION OF THE SHAREHOLDERS**

##### ***Luxembourg resident individuals***

Capital gains realised on the sale of the Shares by Luxembourg resident individual investors who hold the Shares in their personal portfolios (and not as business assets) are generally not subject to Luxembourg income tax except if:

- (i) the Shares are sold within 6 months from their subscription or purchase; or
- (ii) if the Shares held in the private portfolio constitute a substantial shareholding. A shareholding is considered as substantial when the seller holds or has held, alone or with his/her spouse and underage children, either directly or indirectly at any time during the five years preceding the date of the disposal, more than 10% of the share capital of the company.

Distributions made by the Company will be subject to income tax. Luxembourg personal income tax is levied following a progressive income tax scale, and increased by the solidarity surcharge (*contribution au fonds pour l'emploi*) giving an effective maximum marginal tax rate of 43.6%. An additional temporary income tax of 0,5% (*impôt d'équilibrage budgétaire temporaire*) will be due by Luxembourg individuals subject to Luxembourg State social security scheme in relation to their professional and capital income.

##### ***Luxembourg resident corporate***

Luxembourg resident corporate investors will be subject to corporate taxation at the rate of 29.22% (in 2016 for entities having the registered office in Luxembourg-City) on capital gains realised upon disposal of

the Shares and on the distribution received from the Company.

Luxembourg corporate resident investors who benefit from a special tax regime, such as, for example, (i) an undertaking for collective investment subject to the 2010 Law, (ii) specialized investment funds subject to the amended law of February 13, 2007 on specialised investment funds, or (iii) family wealth management companies subject to the amended law of May 11, 2007 related to family wealth management companies, are exempt from income tax in Luxembourg, but instead subject to an annual subscription tax (*taxe d'abonnement*) and thus income derived from the Shares, as well as gains realised thereon, are not subject to Luxembourg income taxes.

The Shares shall be part of the taxable net wealth of the Luxembourg resident corporate investors except if the holder of the Shares is (i) an UCI subject to the 2010 Law, (ii) a vehicle governed by the amended law of March 22, 2004 on securitisation, (iii) an investment company governed by the amended law of June 15, 2004 on the investment company in risk capital, (iv) a specialised investment fund subject to the amended law of February 13, 2007 related specialised investment funds or (v) a family wealth management company subject to the amended law of May 11, 2007 related to family wealth management companies. The taxable net wealth is subject to tax on a yearly basis at the rate of 0.5%. A reduced tax rate of 0.05% is due for the portion of the net wealth tax exceeding EUR 500 million.

### **Non Luxembourg residents**

Non resident individuals or collective entities who do not have a permanent establishment in Luxembourg to which the Shares are attributable, are not subject to Luxembourg taxation on capital gains realized upon disposal of the Shares nor on the distribution received from the Company and the Shares will not be subject to net wealth tax. The additional temporary income tax of 0,5% (*impôt d'équilibre budgétaire temporaire*) will be also due by individuals subject to Luxembourg State social security scheme in relation to their professional and capital income.

### **D. GERMAN TAXATION**

For the purpose of the relevant classification under the German Investment Tax Act, in addition to the investment restrictions set out in the Appendix IV for a particular Sub-Fund, the Sub-Funds Coeli SICAV I – Frontier Markets Fund and Coeli SICAV I – Global Select Fund will ensure a constant direct investment into equity participations (as this term is defined in section 2 paragraph 8 of the German Investment Tax Act) of at least 51% of their net assets.

For the purpose of this investment restriction, reference to “equity participations” includes inter alia:

- (1) shares in a company (which may not include depositary receipts) that are admitted to official trading on a stock exchange or admitted to, or included in another organized market which fulfils the criteria of a “regulated market” as defined in Directive 2004/39/EC of the European Parliament and of the Council of 21 April 2004 on markets in financial instruments;
- (2) shares in a company other than a real estate company which is (i) resident in an EU member state or in a member state of the European Economic Area, and where it is subject to, and not exempt from corporate income tax; or (ii) is a resident in any other state and subject to, and not exempt from corporate income tax of at least 15%.

### **E. AUTOMATIC EXCHANGE OF INFORMATION**

The Organisation for Economic Co-operation and Development ("OECD") has developed a common reporting standard ("CRS") to achieve a comprehensive and multilateral automatic exchange of information (AEOI) on a global basis. On 9 December 2014, Council Directive 2014/107/EU amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation (the "Euro-CRS Directive") was adopted in order to implement the CRS among the Member States. For Austria, the Euro-CRS Directive applies the first time by 30 September 2018 for the calendar year 2017, i.e. the Savings Directive will apply one year longer.

The Euro-CRS Directive was implemented into Luxembourg law by the law of 18 December 2015 on the automatic exchange of financial account information in the field of taxation ("CRS Law"). The CRS Law requires Luxembourg financial institutions to identify financial assets holders and establish if they are fiscally resident in countries with which Luxembourg has a tax information sharing agreement. Luxembourg financial institutions will then report financial account information of the asset holder to the Luxembourg tax

authorities, which will thereafter automatically transfer this information to the competent foreign tax authorities on a yearly basis.

Accordingly, the Company may require its investors to provide information in relation to the identity and fiscal residence of financial account holders (including certain entities and their controlling persons) in order to ascertain their CRS status and report information regarding a Shareholder and his/her/its account to the Luxembourg tax authorities (*Administration des Contributions Directes*), if such account is deemed a CRS reportable account under the CRS Law. The Company shall communicate any information to the investor according to which (i) the Company is responsible for the treatment of the personal data provided for in the CRS Law; (ii) the personal data will only be used for the purposes of the CRS Law; (iii) the personal data may be communicated to the Luxembourg tax authorities (*Administration des Contributions Directes*); (iv) responding to CRS-related questions is mandatory and accordingly the potential consequences in case of no response; and (v) the investor has a right of access to and rectification of the data communicated to the Luxembourg tax authorities (*Administration des Contributions Directes*).

Under the CRS Law, the first exchange of information will be applied by 30 September 2017 for information related to the calendar year 2016. Under the Euro-CRS Directive, the first AEOI must be applied by 30 September 2017 to the local tax authorities of the Member States for the data relating to the calendar year 2016.

In addition, Luxembourg signed the OECD's multilateral competent authority agreement ("Multilateral Agreement") to automatically exchange information under the CRS. The Multilateral Agreement aims to implement the CRS among non-Member States; it requires agreements on a country-by-country basis.

The Company reserves the right to refuse any application for Shares if the information provided or not provided does not satisfy the requirements under the CRS Law.

Investors should consult their professional advisors on the possible tax and other consequences with respect to the implementation of the CRS.

## **2. APPLICABLE LAW**

Any disputes between Shareholders and the Company will be settled in accordance with Luxembourg law.

## **3. OFFICIAL LANGUAGE**

The official language of this Prospectus and of the Articles of Incorporation is English. However, the Board of Directors and the Management Company may, personally and on behalf of the Company, consider that these documents must be translated into the languages of the countries in which the Shares are offered and sold. In case of any discrepancies between the English text and any other language into which the Prospectus is translated, the English text will prevail.

# **X. FINANCIAL YEAR - MEETINGS – REPORTS**

## **1. FINANCIAL YEAR**

The financial year of the Company starts each year on January 1<sup>st</sup> and ends on the last day of December of each year.

## **2. MEETINGS**

The annual general meeting of Shareholders will be held in Luxembourg, at the registered office of the Company or at any other place in the municipality of the registered office of the Company which will be specified in the convening notice to the meeting, on the last Wednesday of the month of April each year at 2.00 p.m. (Luxembourg time) or, if such day is not a Bank Business Day, on the next following Bank Business Day.

Shareholders will meet upon the call of the Board of Directors in accordance with the provisions of Luxembourg law.

### **3. PERIODIC REPORTS**

Annual reports as at the last day of December, certified by the Auditor, and unaudited semi-annual reports as at last day of June are available to Shareholders free of charge. Reports will be published at [www.coeli.com](http://www.coeli.com).

The Company is authorised to publish an abridged version of the financial reports. However, a complete version of the financial reports may be obtained free of charge at the registered office of the Company, or the Management Company, as well as from the establishments designated by the Company. These reports will contain information concerning each Sub-Fund as well as the assets of the Company as a whole.

The financial statements of each Sub-Fund are expressed in its respective reference currency, whereas the consolidated accounts of the Company will be expressed in Euro.

The annual reports, which are made available within 4 (four) months after the end of the financial year, as well as the semi-annual reports, which are made public within 2 (two) months after the end of the half-year, are held at the Shareholders' disposal at the registered office of the Company and of the Management Company.

## **XI. LIQUIDATION OF THE COMPANY - MERGER OF SUB-FUNDS OR CLASSES**

### **1. LIQUIDATION OF THE COMPANY**

The Company will be liquidated in accordance with the provisions of the 2010 Law.

#### **A. MINIMUM ASSETS**

If the capital of the Company falls below two thirds of the required minimum capital indicated in Article 5 of the Articles of Incorporation, the Board of Directors must submit the question of the Company's dissolution to a general meeting of Shareholders for which no quorum will be prescribed and which will decide by a simple majority of the Shares represented at the meeting.

If the capital of the Company falls below one quarter of the required minimum capital indicated in Article 5 of the Articles of Incorporation, the Board of Directors must submit the question of the Company's dissolution to the general meeting of Shareholders for which no quorum will be prescribed; dissolution may be decided by the Shareholders holding one quarter of the Shares represented at the meeting.

The meeting will be convened so as to be held within 40 (forty) days from the date on which the net assets are recorded as having fallen below either two thirds or one quarter of the legal minimum.

Moreover, the Company may be dissolved by a decision of a general meeting of Shareholders ruling in accordance with the relevant statutory provisions.

#### **B. VOLUNTARY LIQUIDATION**

In case the Company is dissolved, its liquidation will be carried out by one or more liquidators appointed in accordance with the Articles of Incorporation and with the 2010 Law, which specifies the manner in which the net proceeds of liquidation, after deduction of expenses, is to be distributed amongst the Shareholders.

Amounts that have not been distributed by the close of the liquidation procedure will be consigned to the "Caisse de Consignation" in Luxembourg for the duration of the limitation period in favour of the Shareholders entitled thereto.

Shares will cease to be issued, redeemed and converted as soon as the decision to dissolve the Company is taken.

## **2. CLOSURE AND MERGER OF SUB-FUNDS OR CLASSES**

### **A. CLOSURE OF SUB-FUNDS OR CLASSES**

A Sub-Fund or a Class may be terminated by resolution of the Board of Directors under the following circumstances:

- if the Net Asset Value of a Sub-Fund or a Class is below a level at which the Board of Directors considers that its management may not be easily ensured; or
- in the event of special circumstances beyond its control, such as political, economic, or military emergencies; or
- if the Board of Directors should conclude, in light of prevailing market or other conditions, including conditions that may adversely affect the ability of a Sub-Fund or a Class to operate in an economically efficient manner, and with due regard to the best interests of shareholders, that a Sub-Fund or a Class should be terminated.

A notice relating to the closure of the Sub-Fund or Class will be sent to the Shareholders of the Sub-Fund or Class concerned before the effective date of such termination. Such notice shall indicate the reasons for such termination as well as the procedures to be enforced. Unless otherwise stated by the Board of Directors, shareholders of such Sub-Fund or Class of Shares may continue to apply for the redemption or the conversion of their Shares free of charge, but on the basis of the applicable Net Asset Value, taking into account the estimated liquidation expenses.

Establishment expenses shall be wholly written off as of the decision to liquidate is reached.

The net assets of the Sub-Fund or Class concerned will be divided amongst the remaining Shareholders of the Sub-Fund or Class.

Notwithstanding the powers conferred to the Board of Directors by the preceding paragraphs, the general meeting of shareholders of any one or all Classes of Shares issued in any Sub-Fund will, in any other circumstances, have the power, upon proposal from the Board of Directors, to redeem all the Shares of the relevant Class or Classes and refund to the shareholders the Net Asset Value of their Shares (taking into account actual realization prices of investments and realization expenses) calculated on the Valuation Day at which such decision shall take effect. There shall be no quorum requirements for such general meeting of shareholders which shall decide by resolution taken by simple majority of those present or represented and voting at such meeting.

Amounts which have not been distributed by the closure of the liquidation procedure of the Sub-Fund will be deposited in escrow at the "*Caisse de Consignation*" in Luxembourg for the limitation period in favour of the Shareholders entitled thereto.

The annual report relating to the financial year along which the decision to liquidate has been taken shall expressly state such decision and supply details regarding the implementation of liquidation operations.

### **B. MERGER OF SUB-FUNDS OR CLASSES**

A Sub-Fund or a Class may merge with one or more other Sub-Funds or Classes by resolution of the Board of Directors if the Net Asset Value of a Sub-Fund or a Class is below at a level at which the Board of Directors considered that its management may not be easily ensured or in the event of changes or in the event of special circumstances beyond its control, such as political, economic, or military emergencies, or if the Board of Directors should conclude, in light of prevailing market or other conditions, including conditions that may adversely affect the ability of a Sub-Fund or a Class to operate in an economically efficient manner, and with due regard to the best interests of shareholders, that a Sub-Fund or a Class should be merged.

Within the conditions of the above paragraph, the Board of Directors may also decide to allocate the assets of any Sub-Fund to another undertaking for collective investment organised under the provisions of Part I of the 2010 Law or under the legislation of a Member State of the European Union, or of the European Economic Area, implementing Directive 2009/65/EC or to a Sub-Fund within such other undertaking for collective investment.

The mergers will be undertaken within the framework of the 2010 Law.

Notwithstanding the powers conferred to the Board of Directors by the preceding paragraphs, the Board of Directors may decide to submit the decision for a merger to a meeting of Shareholders of the Sub-Fund concerned. No quorum is required for such a meeting and decisions are taken by simple majority of those present or represented and voting at such meeting. In case of a merger of a Sub-Fund where, as a result, the Company ceases to exist, the merger shall be decided by a meeting of Shareholders resolving in accordance with the quorum and majority requirements for changing the Articles of Incorporation of the Company.

In the event that the Board of Directors believes it is required for the interests of the Shareholders of the relevant Sub-Fund; or that a change in the economic or political situation relating to the Sub-Fund concerned has occurred which would justify it; the reorganisation of one Sub-Fund or Class, by means of a division into two or more Sub-Funds or Classes, may be decided by the Board of Directors.

A notice relating to the merger or division of the Sub-Fund or Class will be sent to the Shareholders of the Sub-Fund or Class concerned. In the case of a merger, the Shareholders will have the possibility to redeem their Shares free of charge during a period of 30 days as specified by article 72 (2) of the 2010 Law. In case of a division of sub-funds, the Shareholders will also have the possibility to redeem their Shares free of charge during a period of 30 days. Any applicable contingent deferred sales charges are not to be considered as redemption charges and shall therefore be due, whereas any charges related to the merger shall not be borne by the respective Sub-Fund's Shareholders.

The Company's Auditor will produce a report on the merger.

These mergers may be justified by various economic circumstances as set out in the Articles of Incorporation.

## **XII. DATA PROTECTION**

Personal data related to identified or identifiable natural persons provided to, collected or otherwise obtained by or on behalf of, the Fund (the "Controller") will be processed by the Controller in accordance with the Privacy Notice, a current version of which is available at the registered office of the Fund in Luxembourg. Investors and any person contacting, or otherwise dealing directly or indirectly with, the Controller are invited to and read and carefully consider the Privacy Notice, prior to contacting or otherwise so dealing, and in any event prior to providing or causing the provision of any data directly or indirectly to the Controller.

## **XIII. BENCHMARK REGULATION**

In accordance with the provisions of Regulation (EU) 2016/1011 of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "Benchmark Regulation"), supervised entities may use benchmarks in the European Union if the benchmark is provided by an administrator which is included in the register of administrators and benchmarks maintained by the European Securities and Markets Authority ("ESMA") pursuant to Article 36 of the Benchmark Regulation (the "Register"). Benchmark administrators located in the European Union whose indices are used by the Sub-Funds benefit from the transitional provisions under the Benchmark Regulation and accordingly may not yet appear on the Register. Benchmark administrators located in the European Union should apply for authorisation or registration as an administrator under the Benchmark Regulation and be inscribed in the Register by 1 January 2020. Benchmark administrators located in a third country whose indices are used by the Sub-Funds benefit from the transitional arrangements afforded under the Benchmark Regulation and accordingly may not appear on the Register.

The Management Company with the assistance of the Investment Manager produces and maintains a written plan setting out the actions that will be taken in the event of the benchmarks materially changing or ceasing to be provided (the "Contingency Plan"). The Contingency Plan will be available to investors on request and free of charges at the registered office of the Company.

The following benchmarks are used by the Sub-Funds for the purposes indicated in the table below.

Fund	Benchmark	Benchmark Administrator	Purpose
Coeli Sicav I - Frontier Markets Fund	MSCI Frontier Markets Index (USD)	MSCI Limited	Performance fee
Coeli Sicav I – Sweden Fund	* SIX Portfolio Return Index (SIX PRX)	SIX Financial Information Nordic AB	Performance fee
Coeli Sicav I – Global Select Fund	MSCI All Country World Daily Net Total return index	MSCI Limited	Performance fee
Coeli Sicav I -Likviditetsstrategi	* OMRX Treasury Bill Index	Nasdaq, Inc.	Performance fee

The benchmarks marked with (\*) are provided by an administrator which is currently not included in the Register. However, the use of this benchmark is permitted during the transitional period provided for in article 51 of the Benchmark Regulation. The Prospectus will be updated at the first opportunity once further information on the benchmark administrator's authorisation becomes available. The inclusion of any further administrator of a benchmark used by a Sub-Fund within the meaning of the Benchmark Regulation in the Register will be reflected in the Prospectus at its next update.

## XIV. INFORMATION - DOCUMENTS AVAILABLE TO THE PUBLIC

### **1. INFORMATION FOR SHAREHOLDERS**

#### a) Net Asset Value

The Net Asset Values of the Shares of each Sub-Fund will be available on each Bank Business Day at the registered office of the Company and of the Administrative Agent. The Board of Directors may subsequently decide to publish these net values in newspapers of the countries in which the Shares of the Company are offered or sold.

#### b) Issue and redemption prices

The issue and redemption prices of the Shares of each Sub-Fund of the Company are made public on each Valuation Day at the registered office of the Administrative Agent.

#### c) Notices to Shareholders

Notices to Shareholders will be sent at their attention at their address as indicated in the Shareholder register and shall be made available at the registered office of the Company, free of charge. Furthermore, they may be published in Luxembourg and in the countries where the Company is marketed as well as in the *Mémorial* if such publications are required by the applicable law or by the Articles of Incorporation.

#### d) Material contracts

The following contracts, not being contracts entered into in the ordinary course of business, have been entered or will be entered into and are or may be material:

- the Depositary and Principal Paying Agent Agreement dated 24 January 2014 between the Company and RBC Investor Services Bank S.A.;
- the Agreement for the delegation of the duties of the administrative and registrar agent effective as of 1 May 2015 between the Management Company, the Company and RBC Investor Services Bank S.A.;
- the Management Company Services Agreement effective as of 1 May 2015 between the Management Company and the Company.

e) Rights of the investors

The Company draws the investors' attention to the fact that any investor will only be able to fully exercise his investor rights directly against the Company, notably the right to participate in general Shareholders' meetings if the investor is registered himself and in his own name in the Shareholders' register of the Company. In cases where an investor invests in the Company through an intermediary investing into the Company in his own name but on behalf of the investor, it may not always be possible for the investor to exercise certain Shareholder rights directly against the Company. Investors are advised to take advice on their rights.

f) Additional information which the Management Company must make available to investors in accordance with Luxembourg laws and regulations such as but not limited to Shareholder complaints handling procedures, management of activities giving rise to detrimental conflict of interest, voting rights policy of the Management Company etc., shall be available at the registered office of the Management Company.

## ***2. DOCUMENTS AVAILABLE TO THE PUBLIC***

Copies of the latest version of the Prospectus, of the Articles of Incorporation, of the latest annual and semi-annual reports of the Company and of the material contracts referred to above are available for inspection at the registered office of the Company and of the Management Company.

The Company publishes Key Investor Information Documents relating to each Sub-Fund or Class which are available upon request from the Management Company and the Company and for download on the following homepage of the Management Company: [www.mdo-manco.com](http://www.mdo-manco.com).

Subscription forms may be obtained upon request at the registered office of the Registrar Agent.

## **XV. SOFT COMMISSION ARRANGEMENTS**

The Management Company or the Investment Manager, as the case may be, may accept soft commissions from, or enter into soft arrangements with, stockbrokers (that are entities and not individuals) who execute trades on behalf of the Company and the soft commissions received are restricted to the following kinds of services:

- (a) research and price information;
- (b) performance measurement;
- (c) portfolio valuations; and
- (d) analysis and administration services.

The Investment Manager, as the case may be, may not receive or enter into soft commissions or arrangements unless such soft commissions or arrangements shall reasonably assist the Investment Manager in the provision of services to the relevant Sub-Fund the Investment Manager shall ensure at all times that the transactions are executed at the best available terms taking into account the relevant market at the time for transactions of the kind and size concerned.

The Investment Manager shall not enter into unnecessary trades in order to qualify for such soft commissions or arrangements and shall not receive goods and services such as travel, accommodation and entertainment. The Investment Manager will provide reports to the Management Company with respect to soft commissions including the nature of the services it receives.

## **XVI. SPECIAL CONSIDERATION ON RISKS**

With regard to each Sub-Fund, future investors are recommended to consult their professional advisors to evaluate the suitability of an investment in a specific Sub-Fund, in view of their personal financial situation.

The number and allocation of portfolio assets in each Sub-Fund should reduce the Sub-Fund's sensitivity to risks associated with a particular investment. Nevertheless, potential investors should be aware of the fact that there can be no assurance that their initial investment will be preserved.

Past performance is not indicative of future results. Each Sub-Fund is subject to the risk of common stock investment. The price of the Shares and the income from them may fall as well as rise. There can be no

assurance that each Sub-Fund will achieve its objectives. There is no guarantee that investors will recover the total amount initially invested.

In addition, future investors should give careful consideration to the following risks linked to an investment in certain Sub-Funds and to the specific risks for each Sub-Fund in accordance with the respective provisions described in the Sub-Fund's relevant data sheet under Appendix IV:

### **Regulated markets**

Some markets, on which securities are listed, may not qualify as regulated markets under Article 41(1) of the 2010 Law. Investments in securities on these markets will be considered as investments in unlisted securities.

### **Risk of limited trading volume**

Trading volumes of emerging country stock exchanges can be considerably lower than in leading world exchanges. The resulting lack of liquidity may adversely affect the price at which the securities held by a Sub-Fund can be sold.

### **Accounting and statutory standards**

It may occur in some countries, where a Sub-Fund may potentially invest, that standards of accountancy, auditing and reporting are less strict than the standards applicable in more developed countries and that investment decisions have to be taken based on information less complete and accurate than that available in more developed countries.

### **Currency risks**

Certain Sub-Funds, investing in securities denominated in currencies other than their reference currency, may be subject to fluctuations in exchange rates resulting in a reduction in the Sub-Fund's Net Asset Value. Changes in the exchange rate between the base currency of the Sub-Fund and the currency of its underlying assets may lead to a depreciation of the value of the Sub-Fund's assets as expressed in the Sub-Fund's base currency. The Sub-Fund may attempt to mitigate this loss by the use of hedging but only on the terms approved of in the Prospectus.

### **Investment in small and medium-capitalised companies (small and medium cap)**

There are certain risks associated with investing in small cap stocks and the securities of small companies. The market prices of these securities may be more volatile than those of larger companies. Because small companies normally have fewer shares outstanding than larger companies it may be more difficult to buy and sell significant amounts of shares without affecting market prices. There is typically less publicly available information about these companies than for larger companies. The lower capitalisation of these companies and the fact that small companies may have smaller product lines and command a smaller market share than larger companies may make them more vulnerable to fluctuation in the economic cycle.

### **Investing in Emerging & Frontier Markets**

The attention of the investor is drawn to the fact that investments in emerging and frontier markets may offer higher risk. There follows an overview of the general risks entailed by investments in the emerging markets:

- Emerging markets are at an early stage of development, frontier markets are at an advanced stage of development but have not reached the level of development of and are not to be classified as emerging markets; both, emerging and frontier markets suffer from increased risk of expropriation, nationalization and social, political and economic insecurity.
- Counterfeit securities – with the weakness in supervisory structures, it is possible for securities purchased by a Sub-Fund to be counterfeited. Hence it is possible to suffer losses.
- Liquidity difficulties – the buying and selling of securities can be costlier, lengthier and in general more difficult than is the case in the more developed markets. Difficulties with liquidity can also increase price volatility. Many emerging markets are small, have low trading volumes and suffer from low liquidity and high price volatility.
- Currency fluctuations – the currencies of countries in which a Sub-Fund invests, compared with the accounting currency of that Sub-Fund, can undergo substantial fluctuations once the Sub-Fund has invested in these currencies. Such fluctuations may have a significant effect on the Sub-Fund's income. It is not possible to apply currency risk hedging techniques to all currencies in emerging market countries.

- Currency export restrictions – it cannot be excluded that emerging and frontier markets limit or temporarily suspend the export of currencies. Consequently, it is not possible for a Sub-Fund to draw any sales proceeds without delays. To minimise the possible impact on redemption applications, a Sub-Fund will invest in a large number of markets.
- Settlement and custody risks – the settlement and custody systems in emerging and frontier markets countries are not as well developed as those in developed markets. Standards are not so high and the supervisory authorities do not have the same amount of experience. Consequently, it is possible for settlement to take place late, which may pose disadvantages for liquidity and securities.
- Restrictions on buying and selling – in some cases, emerging and frontier markets can place restrictions on the buying of securities by foreign investors. Some equities are thus not available to a Sub-Fund because the maximum number allowed to be held by foreign shareholders has been exceeded. As well as this, the participation of foreign investors in the net income, capital and distributions may be subject to restrictions or government approval. Emerging and frontier markets may also limit the sale of securities by foreign investors. Should a Sub-Fund be barred due to such a restriction from selling its securities in an emerging market, it will try to obtain an exceptional approval from the authorities responsible or to counter the negative impact of this restriction through its investments in other markets. A Sub-Fund will only invest in markets in which the restrictions are acceptable. However, it is not possible to prevent additional restrictions from being imposed.
- Accounting – the accounting, auditing and reporting standards, methods, practices and disclosures required by companies in emerging and frontier markets differ from those in developed markets in respect of content, quality and the deadlines for providing information to investors. It may thus be difficult to correctly evaluate the investment options. Consequently, there is generally less publicly available information about such companies than about companies in developed countries. Furthermore, the quality and reliability of official data published by the government or securities exchanges in emerging markets may not accurately reflect the statistics being reported.
- General market conditions – economic uncertainty, changes in law, trade barriers. Emerging and frontier market economies may differ favourably or unfavourably from the European market economies or other developed economies in such respects as growth of gross domestic product, rate of inflation, currency depreciation, asset reinvestment, resource self-sufficiency and balance of payments position. Further, emerging and frontier market economies are heavily dependent upon international trade and, accordingly, have been and may continue to be adversely affected by trade barriers, exchange controls, managed adjustments in relative currency values and other protectionist measures imposed or negotiated by the countries with which they trades. Such markets may be subject to higher inflation.
- Volatility - Emerging and frontier markets are more likely than developed markets to experience periods of extreme volatility. Such volatility could result in substantial losses for the Sub-Fund.
- Governmental risks/taxation - There is the possibility of nationalization, expropriation, confiscatory taxation, imposition of withholding or other taxes on dividends, interest, capital gains or other income, limitations on the removal of funds or other assets of the Sub-Fund, political changes, government regulation, social instability or diplomatic developments, any of which could affect adversely economies of emerging and frontier markets or the value of the Sub-Fund's investments, or both.
- Reduced diversification - Where Sub-Fund assets are invested in narrowly-defined markets or sectors of a given economy, risk is increased by the inability to broadly diversify investments and by potentially adverse developments within those markets or sectors.

**For the reasons mentioned, Sub-Funds that invest in Emerging & Frontier Markets are especially suitable for investors who are aware of the risks.**

### **Investing in Equity Securities**

Investing in equity securities may offer a higher rate of return than those in short term and longer term debt securities. However, the risks associated with investments in equity securities may also be higher, because the investment performance of equity securities depends upon factors which are difficult to predict. Such

factors include the possibility of sudden or prolonged market declines and risks associated with individual companies. The fundamental risk associated with any equity portfolio is the risk that the value of the investments it holds might decrease in value. Equity security values may fluctuate in response to the activities of an individual company or in response to general market and/or economic conditions. Historically, equity securities have provided greater long-term returns and have entailed greater short-term risks than other investment choices.

### **Market Risk**

Market risk is the risk that one or more markets in which a Sub-Fund invests will go down in value, including the possibility that the markets will go down sharply and unpredictably.

### **Investments in Debt Securities**

Among the principal risks of investing in debt securities are the following:

- interest rate risk (the risk that the value of the relevant Sub-Fund's investments will fall, if interest rates rise); interest rate risk generally is greater for Sub-Funds that invest in fixed income securities with relatively long maturities than for Sub-Funds that invest in fixed income securities with shorter maturities;
- credit risk (the risk that companies in which the relevant Sub-Fund invests, or with which it does business, will fail financially, and be unwilling or unable to meet their obligations to the Sub-Fund).

### **Foreign Investment Risks**

Government regulations and restrictions in certain countries, including countries in Asia and the Pacific region, Africa, Eastern Europe and Latin America, may limit the amount and types of securities that may be purchased by a Sub-Fund or the sale of such securities once purchased. Such restrictions may also affect the market price, liquidity and rights of securities that may be purchased by a Sub-Fund, and may increase Sub-Fund expenses. In addition, the repatriation of both investment income and capital is often subject to restrictions such as the need for certain governmental consents, and even where there is no outright restriction, the mechanics of repatriation may affect certain aspects of the operation of a Sub-Fund. In particular, a Sub-Fund's ability to invest in the securities markets of several of the Asian countries and other emerging countries is restricted or controlled to varying degrees by laws restricting foreign investment and these restrictions may, in certain circumstances, prohibit a Sub-Fund from making direct investments.

### **Warrants**

Investment in warrants on Transferable Securities can lead to increased portfolio volatility. Thus, the nature of the warrants will involve Shareholders in a greater degree of risk than is the case with conventional securities.

### **Investments in Specific Sectors**

Certain Sub-Funds will concentrate their investments in companies of certain sectors of the economy and therefore will be subject to the risks associated with concentrating investments in such sectors. More specifically, investments in specific sectors of the economy such as health care, consumer staples and services or telecommunications etc. may lead to adverse consequences when such sectors become less valued.

### **Investment in undertakings for collective investment**

A Sub-Fund may invest in other undertakings for collective investment which may be operated and/or managed by the Investment Manager or a related party. As an investor in such other undertakings for collective investment, in addition to the fees, costs and expenses payable by a Shareholder in the Sub-Funds, each Shareholder will also indirectly bear a portion of the fees, costs and expenses of the underlying undertakings for collective investment, including management, investment management and, administration and other expenses. Further, there is also the possibility of conflicts in positions with respect to the same investment within different underlying undertakings.

### **Use of derivatives and other Investment Techniques**

Certain Sub-Funds of the Company may also invest in financial derivative instruments, as more fully described in the investment policy of the relevant Sub-Funds, which may entail additional risks for Shareholders.

**The methodology used to calculate the global exposure is specified in the relevant section of Appendix IV for each Sub-Fund.**

**Liquidity Risk**

Most of the securities and instruments owned by the Company can usually be sold promptly at a fair price. But, the Company may invest in securities and instruments that can be relatively illiquid, meaning they may not be sold quickly, easily or at an advantageous price. Some securities or instruments are illiquid because of legal restrictions, the nature of such securities or instruments, or lack of buyers. Therefore, the Company may lose money or incur extra costs when selling those securities, however, the Company will only enter into OTC derivative transactions if it is allowed to liquidate such transactions at any time at a fair value.

**General Risk associated with OTC transactions**

Instruments traded in OTC markets may trade in smaller volumes, and their prices may be more volatile than instruments principally traded on exchanges. Such instruments may be less liquid than more widely traded instruments. In addition, the prices of such instruments may include an undisclosed dealer mark-up which a Sub-Fund may pay as part of the purchase price.

In general, there is less government regulation and supervision of transactions in OTC markets than of transactions entered into on organised exchanges. OTC derivatives are executed directly with the counterparty rather than through a recognised exchange and clearing house. Counterparties to OTC derivatives are not afforded the same protections as may apply to those trading on recognised exchanges, such as the performance guarantee of a clearing house.

The principal risk when engaging in OTC derivatives (such as non-exchange traded options, forwards, swaps, total return swaps or contracts for difference) is the risk of default by a counterparty who has become insolvent or is otherwise unable or refuses to honour its obligations as required by the terms of the instrument. OTC derivatives may expose a Sub-Fund to the risk that the counterparty will not settle a transaction in accordance with its terms, or will delay the settlement of the transaction, because of a dispute over the terms of the contract (whether or not bona fide) or because of the insolvency, bankruptcy or other credit or liquidity problems of the counterparty. Counterparty risk is generally mitigated by the transfer or pledge of collateral in favour of the Sub-Fund. The value of the collateral may fluctuate, however, and it may be difficult to sell, so there are no assurances that the value of collateral held will be sufficient to cover the amount owed to the Sub-Fund.

A Sub-Fund may enter into OTC derivatives cleared through a clearinghouse that serves as a central counterparty. Central clearing is designed to reduce counterparty risk and increase liquidity compared to bilaterally-cleared OTC derivatives, but it does not eliminate those risks completely. The central counterparty will require margin from the clearing broker which will in turn require margin from the Company. There is a risk of loss by a Sub-Fund of its initial and variation margin deposits in the event of default of the clearing broker with which the Sub-Fund has an open position or if margin is not identified and correctly reported to the particular Sub-Fund, in particular where margin is held in an omnibus account maintained by the clearing broker with the central counterparty. In the event that the clearing broker becomes insolvent, the Sub-Fund may not be able to transfer or "port" its positions to another clearing broker.

Investments in OTC derivatives may be subject to the risk of differing valuations arising out of different permitted valuation methods. Although the Management Company has implemented appropriate valuation procedures to determine and verify the value of OTC derivatives, certain transactions are complex and valuation may only be provided by a limited number of market participants who may also be acting as the counterparty to the transactions. Inaccurate valuation can result in inaccurate recognition of gains or losses and counterparty exposure.

Unlike exchange-traded derivatives, which are standardised with respect to their terms and conditions, OTC derivatives are generally established through negotiation with the other party to the instrument. While this type of arrangement allows greater flexibility to tailor the instrument to the needs of the parties, OTC derivatives may involve greater legal risk than exchange-traded instruments, as there may be a risk of loss if the agreement is deemed not to be legally enforceable or not documented correctly. There also may be a legal or documentation risk that the parties may disagree as to the proper interpretation of the terms of the agreement. However, these risks are generally mitigated, to a certain extent, by the use of industry-standard agreements such as those published by the International Swaps and Derivatives Association (ISDA).

**Collateral Risk**

Although collateral may be taken to mitigate the risk of a counterparty default, there is a risk that the collateral taken, especially where it is in the form of securities, when realised will not raise sufficient cash to settle the counterparty's liability. This may be due to factors including inaccurate pricing of collateral,

failures in valuing the collateral on a regular basis, adverse market movements in the value of collateral, a deterioration in the credit rating of the issuer of the collateral, or the illiquidity of the market in which the collateral is traded.

Where a Sub-Fund is in turn required to post collateral with a counterparty, there is a risk that the value of the collateral the Sub-Fund places with the counterparty is higher than the cash or investments received by the Sub-Fund.

In either case, where there are delays or difficulties in recovering assets or cash, collateral posted with counterparties, or realising collateral received from counterparties, the Sub-Funds may encounter difficulties in meeting redemption or purchase requests or in meeting delivery or purchase obligations under other contracts.

As a Sub-Fund may reinvest cash collateral it receives, there is a risk that the value on return of the reinvested cash collateral may not be sufficient to cover the amount required to be repaid to the counterparty. In this circumstance, the Sub-Fund would be required to cover the shortfall. In case of cash collateral reinvestment, all risks associated with a normal investment will apply.

As collateral will take the form of cash or certain financial instruments, the market risk is relevant. Collateral received by a Sub-Fund may be held either by the Depositary or by a third party custodian. In either case, there may be a risk of loss where such assets are held in custody, resulting from events such as the insolvency or negligence of a custodian or sub-custodian.

#### **Legal Risk - OTC Derivatives, Securities Lending**

There is a risk that agreements and derivatives techniques are terminated due, for instance, to bankruptcy, supervening illegality or change in tax or accounting laws. In such circumstances, a Sub-Fund may be required to cover any losses incurred.

Furthermore, certain transactions are entered into on the basis of complex legal documents. Such documents may be difficult to enforce or may be the subject of a dispute as to interpretation in certain circumstances. Whilst the rights and obligations of the parties to a legal document may for example be governed by English law, in certain circumstances (for example insolvency proceedings) other legal systems may take priority which may affect the enforceability of existing transactions.

## APPENDIX I

### INVESTMENT RESTRICTIONS

The Board of Directors shall, based upon the principle of risk spreading, have power to determine the corporate and investment policy for the investments for each Sub-Fund, the benchmark, the reference currency and the Company's management strategy.

Except to the extent that more restrictive rules are provided for in connection with a specific Sub-Fund under Appendix IV, the investment policy shall comply with the rules and restrictions laid down hereafter:

#### **A. The Company may invest in:**

- (1) Transferable Securities and Money Market Instruments admitted to or dealt in on a Regulated Market;
- (2) Transferable Securities and Money Market Instruments dealt in on another market in a Member State of the EU, which is regulated, operates regularly and is recognised and open to the public;
- (3) Transferable Securities and Money Market Instruments admitted to official listing on a stock exchange in a non Member State of the EU or dealt in on another market in a non Member State of the EU, which is regulated, operates regularly and is recognised and open to the public;
- (4) recently issued Transferable Securities and Money Market Instruments, provided that:
  - the terms of issue include an undertaking that application will be made for admission to official listing on a Regulated Market, stock exchange or on another Regulated Market as described under (1)-(3) above;
  - such admission is secured within one year of the issue;
- (5) units of UCITS and/or other UCIs within the meaning of the first and the second indent of Article 1(2) of Directive 2009/65/EC, whether situated in a Member State of the EU or in a non Member State of the EU, provided that:
  - such other UCIs are authorised under laws which provide that they are subject to supervision considered by the Regulatory Authority (the "CSSF") to be equivalent to that laid down in Community law, and that cooperation between authorities is sufficiently ensured;
  - the level of protection guaranteed to unitholders in such other UCIs is equivalent to that provided for unitholders in a UCITS, and in particular that the rules on assets segregation, borrowing, lending and uncovered sales of Transferable Securities and Money Market Instruments are equivalent to the requirement of Directive 2009/65/EC;
  - the business of the other UCIs is reported in half-yearly and annual report to enable an assessment of the assets and liabilities, income and operation over the reporting period;
  - no more than 10% of the assets of the UCITS or of the other UCIs, whose acquisition is contemplated, can be, according to their constitutional documents, invested in aggregate in units of UCITS or other UCIs;
- (6) deposits with credit institutions, which are repayable on demand or have the right to be withdrawn, and maturing in no more than 12 (twelve) months, provided that the credit institution has its registered office in a Member State of the EU or, if the registered office of the credit institution is situated in a non Member State of the EU, provided that it is subject to prudential rules considered by the CSSF as equivalent to those laid down in Community law;
- (7) derivatives financial instrument within the meaning of the Grand-ducal regulation of 8th February 2008, in particular options, futures, including equivalent cash-settled instruments, dealt in on a Regulated Market or other market referred to in (1), (2) and (3) above, and/or financial derivative instruments dealt in over-the-counter ("OTC derivative"), provided that:

- (i) - the underlying assets consist of instruments covered by the present Section A, of financial indices within the meaning of the Grand-ducal regulation of 8<sup>th</sup> February 2008, interest rates, foreign exchange rates or currencies, in which the Company may invest in accordance with its investment objectives:
    - the counterparties to OTC derivatives transactions are institutions subject to prudential supervision and belonging to the categories approved by the CSSF, and
    - the OTC derivatives are subject to reliable and verifiable valuation on a daily basis and can, at the Company's initiative, be sold, liquidated or closed at fair value at any time by means of an offsetting transaction;
  - (ii) under no circumstances shall these operations cause the Company to diverge from its investment objectives.
- (8) Money Market Instruments other than those dealt in on a Regulated Market, as described under points (1) to (4), to the extent that the issue or the issuer of such instruments is itself regulated for the purpose of protecting investors and saving, and provided that such instruments are:
- issued or guaranteed by a central, regional or local authority or by a central bank of a Member State of the EU, the European Central Bank, the EU or the European Investment Bank, a non Member State of the EU or, in case of a Federal State, by one of the members making up the federation, or by a public international body to which one or more Member States belong, or
  - issued by an undertaking, any securities of which are dealt in, on Regulated Markets referred to in (1), (2) or (3) above, or
  - issued or guaranteed by an establishment subject to prudential supervision, in accordance with criteria defined by EU law, or by an establishment, which is subject to and complies with prudential rules considered by the CSSF to be at least as stringent as those laid down by EU law within the meaning of the Grand-ducal regulation of 8th February 2008; or
  - issued by other bodies belonging to the categories provided that investments in such instruments are subject to investor protection rules, within the meaning of the Grand-ducal regulation of 8th February 2008, equivalent that laid down in the first, the second or the third indent and provided that the issuer is a company whose capital and reserves amount to at least EUR 10.000.000.- (ten million Euro) and which presents and publishes its annual accounts in accordance with directive 78/660/EEC, is an entity which, within a Group of Companies which includes one or several listed company(ies), is dedicated to the financing of the group or is an entity which is dedicated to the financing of securitisation vehicles, which benefit from a banking liquidity line within the meaning of the Grand-ducal regulation of 8th February 2008.

**B. Moreover, in each Sub-Fund the Company may:**

- (1) invest up to 10% of its net assets in Transferable Securities and Money Market Instruments other than those referred to above under Section A point (1) to (5) and (8);
- (2) hold cash and cash equivalents on an ancillary basis; such restriction may exceptionally and temporarily be exceeded if the Board of Directors considers this to be in the best interest of the shareholders;
- (3) borrow up to 10% of its net assets, provided that such borrowings are made only on a temporary basis. Commitments in connection with options and the purchase and sale of futures are not taken into consideration when calculating the investment limit;
- (4) acquire foreign currency by means of a back-to-back loan.

**C. In addition, the Company shall comply in respect of the net assets of each Sub-Fund with the following investment restrictions per issuer:**

**(a) Risk Diversification Rules**

For the purpose of calculating the restrictions described in (1) to (5) and (8) hereunder, companies, which are included in the same Group of Companies, are regarded as a single issuer.

To the extent an issuer is a legal entity with multiple sub-funds, where the assets of a sub-fund are exclusively reserved to the investors in such sub-fund and to those creditors whose claim has arisen in connection with the creation, operation or liquidation of that sub-fund, each sub-fund is to be considered as a separate issuer for the purpose of the application of the risk spreading rules.

▪ **Transferable Securities and Money Market Instruments**

- (1) No Sub-Fund may purchase additional Transferable Securities and Money Market Instruments of any single issuer if:
  - (i) upon such purchase more than 10% of its net assets would consist of Transferable Securities and Money Market Instruments of such issuer; or
  - (ii) the total value of all Transferable Securities and Money Market Instruments of issuers, in which it invests more than 5% of its net assets, would exceed 40% of the value of its net assets. This limitation does not apply to deposits and OTC derivative transactions made with financial institutions subject to prudential supervision.
- (2) The limit of 10% stipulated in point (1)(i) is raised to 20% if the Transferable Securities and Money Market Instruments are issued by companies belonging to the same group, that are not required to consolidate their financial statements, pursuant to Council Directive 83/349/EEC of 13<sup>th</sup> June 1983, with regard to consolidated accounts or pursuant to accepted international accounting rules.
- (3) The limit of 10% stipulated in point (1)(i) is raised up to 35% if the Transferable Securities and Money Market Instruments are issued or guaranteed by an EU Member State, by its regional authorities, by any third State or by international public organisations of which several EU Member States are a member.
- (4) The limit of 10% set forth above under (1)(i) is increased up to 25% in respect of qualifying debt securities issued by a credit institution, which has its registered office in an EU Member State, and which, under applicable law, is submitted to specific public control, in order to protect the holders of such qualifying debt securities. For the purposes hereof, "qualifying debt securities" are securities, the proceeds of which are invested in accordance with applicable law in assets providing a return which will cover the debt service through to the maturity date of the securities and which will be applied on a priority basis to the payment of principal and interest in the event of a default by the issuer. To the extent that a relevant Sub-Fund invests more than 5% of its net assets in debt securities issued by such an issuer, the total value of such investments may not exceed 80% of the net assets of such Sub-Fund.
- (5) The securities specified above under (3) and (4) are not to be included for purposes of computing the ceiling of 40% set forth above under (1)(ii).
- (6) **Notwithstanding the ceilings set forth above, each Sub-Fund is authorised to invest, in accordance with the principle of risk spreading, up to 100% of its net assets in Transferable Securities and Money Market Instruments issued or guaranteed by an EU Member State, by its local authorities, by any other Member State of the Organisation for Economic Cooperation and Development ("OECD"), by certain non-member states of the OECD (currently Brazil, Indonesia, Russia, Singapore and South Africa), or by a public international body of which one or more member state(s) of the EU are member(s), provided that (i) such securities are part of at least six different issues and (ii) the securities from any such issue do not account for more than 30% of the net assets of such Sub-Fund.**
- (7) Without prejudice to the limits set forth hereunder under Section (b), the limits set forth in (1) are raised to a maximum of 20% for investments in shares and/or bonds issued by the same body, when the aim of the Sub-Fund's investment policy is to replicate the composition of a certain stock

or bond index within the meaning of the Grand-ducal regulation of 8th February 2008, based, among others, on the following basis:

- the composition of the index is sufficiently diversified,
- the index represents an adequate benchmark for the market to which it refers,
- it is published in an appropriate manner.

The limit of 20% is raised to 35% where that proves to be justified by exceptional market conditions, in particular in Regulated Markets where certain Transferable Securities and Money Market Instruments are highly dominant. The investment up to this limit is only permitted for a single issuer.

▪ **Bank deposits**

- (8) A Sub-Fund may not invest more than 20% of its assets in deposits made with the same body.

▪ **Derivatives**

- (9) The counterparty risk connected with OTC derivatives transactions may not exceed 10% of the net assets of a Sub-Fund, when the counterparty is one of the credit institutions referred to under Section A (6) above or 5% of its net assets in all other cases.
- (10) Investments in derivatives may be made insofar as the overall risks, to which the underlying assets are exposed, do not exceed the investment limits stipulated under points (1) to (5), (8), (9), (13) and (14). When the Company invests in derivatives pegged to an index, such investments are not necessarily combined with the limits set forth under points (1) to (5), (8), (9), (13) and (14).
- (11) When a Transferable Security or a Money Market Instrument includes a derivative financial instrument within the meaning of the Grand-ducal regulation of 8th February 2008, this derivative must be taken into account for the purpose of applying the provisions set out in Section C, point (14) and in Section D, point (1), and for the purpose of evaluating the risks connected with derivatives transactions, in such a way that the aggregate risk connected with the derivatives does not exceed the total Net Asset Value.

▪ **Units of Open-Ended Funds**

- (12) The Company may not invest more than 20% of the net assets of each Sub-Fund in units of any one UCITS or other UCIs as defined in Section A, point (5).

Investments made in units of UCIs other than UCITS may not in aggregate exceed 30% of the assets of the Sub-Fund.

When a Sub-Fund has acquired units of UCITS and/or other UCIs, the assets of the respective UCITS or other UCIs do not have to be combined for the purposes of the limits laid down in points (13) and (14).

When the Company invests in the units of UCITS and/or other UCIs that are managed, directly or by delegation, by the same management company or by any other company, with which the management company is linked by common management or control, or by a substantial direct or indirect holding, that management company or other company may not charge subscription or redemption fees on account of the Company's investment in the units of such other UCITS and/or UCIs.

When a Sub-Fund invests a substantial proportion of its assets in UCITS and/or other UCIs, the maximum level of the management fees that may be charged both to the Sub-Fund itself and to the UCITS, and/or other UCIs in which the Sub-Fund intends to invest will not exceed 2.5%. In the annual report, it shall be indicated the maximum proportion of management fees charged both to each such Sub-Fund and to the UCITS and/or other UCIs, in which they invest.

▪ **Combined limits**

- (13) Notwithstanding the individual limits stipulated under Section C, points (1), (8) and (9) above, a Sub-Fund may not combine:

- investments in Transferable Securities or Money Market Instruments issued by the same entity and/or,
  - deposits made with the same entity, and/or,
  - risks inherent in OTC derivatives transactions with the same entity, exceeding 20% of its net assets.
- (14) The limits set out under Section C, points (1), (3), (4), (8), (9) and (13) above may not be combined, and thus the aggregate investments of each Sub-Fund in Transferable Securities or Money Market Instruments issued by the same body, in deposits or derivative instruments made with this body carried out in accordance with points (1), (3), (4), (8), (9) and (13) under Section C above may not exceed a total of 35% of the assets of the of said Sub-Fund.

**(b) Limitations on Control**

- (15) No Sub-Fund may acquire such amount of shares carrying voting rights, which would enable the Company to exercise a significant influence over the management of the issuer.
- (16) A Sub-Fund may not acquire (i) more than 10% of the outstanding non-voting shares of any one issuer; (ii) more than 10% of the outstanding debt securities of any one issuer; (iii) more than 10% to of the Money Market Instruments of any one issuer; or (iv) more than 25% of the outstanding shares or units of any one UCITs or other UCI.

The limits set forth in (ii) to (iv) may be disregarded at the time of acquisition if, at that time, the gross amount of bonds or of the Money Market Instruments or the net amount of the instruments in issue cannot be calculated.

The ceilings set forth above under (15) and (16) do not apply in respect of:

- Transferable Securities and Money Market Instruments issued or guaranteed by an EU Member State or by its local authorities;
- Transferable Securities and Money Market Instruments issued or guaranteed by any other State, which is not an EU Member State;
- Transferable Securities and Money Market Instruments issued by a public international body of which one or more EU Member State(s) is (are) member(s);
- shares in the capital of a company, which is incorporated under or organised pursuant to the laws of a State, which is not an EU Member State, provided that (i) such company invests its assets principally in securities issued by issuers of that State, (ii) pursuant to the laws of that State, a participation by the relevant Sub-Fund in the equity of such company constitutes the only possible way to purchase securities of issuers of that State, and (iii) such company observes in its investments policy the restrictions set forth under Section C, points (1) to (5), (8), (9) and (12) to (16) and Section D, point (2);
- shares in the capital of subsidiary companies which, exclusively on its or their behalf carry on only the business of management, advice or marketing in the country where the subsidiary is located, in regard to the redemption of shares at the request of shareholders.

**D. In addition, the Company shall comply in respect of its net assets with the following investment restrictions per instrument:**

Each Sub-Fund shall ensure that its global exposure relating to derivative instruments does not exceed the total net value of its portfolio.

The exposure is calculated taking into account the current value of the underlying assets, the counterparty risk, foreseeable market movements and the time available to liquidate the positions.

**E. Finally, the Company shall comply in respect of the assets of each Sub-Fund with the following investment restrictions:**

No Sub-Fund may acquire commodities or precious metals or certificates representative thereof.

- (1) No Sub-Fund may acquire commodities or precious metals or certificates representative thereof, provided that transactions in foreign countries, financial currencies, financial instruments, indices or Transferable Securities as well as futures and forward contracts, options and swaps thereon are not considered to be transactions in commodities for the purposes of this restriction.
- (2) No Sub-Fund may invest in real estate, provided that investments may be made in securities secured by real estate or interests therein or issued by companies which invest in real estate or interests therein.
- (3) No Sub-Fund may use its assets to underwrite any securities.
- (4) No Sub-Fund may issue warrants or other rights to subscribe for shares in such Sub-Fund.
- (5) A Sub-Fund may not grant loans or guarantees in favour of a third party, provided that such restriction shall not prevent each Sub-Fund from investing in non fully paid-up Transferable Securities and Money Market Instruments or other financial instruments, as mentioned under Section A, points (5), (7) and (8).
- (6) The Company may not enter into uncovered sales of Transferable Securities, Money Market Instruments or other financial Instruments as listed under Section A, points (5), (7) and (8).
- (7) No Sub-Fund may invest in private equity securities.

**F. Notwithstanding anything to the contrary herein contained:**

- (1) The ceilings set forth above may be disregarded by each Sub-Fund, when exercising subscription rights attaching to Transferable Securities or Money Market Instruments in such Sub-Fund's portfolio. While ensuring observance of the principle of risk spreading, recently created Sub-Funds may derogate from paragraph C. for a period of six months following the date of their creation.
- (2) If such ceilings are exceeded for reasons beyond the control of a Sub-Fund or as a result of the exercise of subscription rights, such Sub-Fund must adopt as its priority objective in its sale transactions the remedying of such situation, taking due account of the interests of its shareholders.

The Board of Directors has the right to determine additional investment restrictions to the extent that those restrictions are necessary to comply with the laws and regulations of countries, where shares of the Company are offered or sold.

**G. Cross Sub-Fund Investments**

A Sub-Fund (the "Investing Sub-Fund") may subscribe, acquire and/or hold securities to be issued or issued by one or more Sub-Funds (each, a "Target Sub-Fund") without the Company being subject to the requirements of the Law of 1915, with respect to the subscription, acquisition and/or the holding by a company of its own shares, under the condition however that:

- (1) the Target Sub-Fund(s) do(es) not, in turn, invest in the Investing Sub-Fund invested in this (these) Target Sub-Fund(s); and
- (2) no more than 10% of the assets that the Target Sub-Fund(s) whose acquisition is contemplated may be invested in Shares of other Target Sub-Funds; and
- (3) voting rights, if any, attaching to the Shares of the Target Sub-Fund(s) are suspended for as long as they are held by the Investing Sub-Fund concerned and without prejudice to the appropriate processing in the accounts and the periodic reports; and
- (4) in any event, for as long as these securities are held by the Investing Sub-Fund, their value will not be taken into consideration for the calculation of the net assets of the Company for the purposes of verifying the minimum threshold of the net assets imposed by the 2010 Law.

## H. Master-Feeder Structures

Under the conditions and within the limits laid down by the 2010 Law, the Company may, to the widest extent permitted by the Luxembourg laws and regulations (i) create any Sub-Fund qualifying either as a feeder UCITS (a “Feeder UCITS”) or as a master UCITS (a “Master UCITS”), (ii) convert any existing Sub-Fund into a Feeder UCITS, or (iii) change the master UCITS of any of its Feeder UCITS.

- (1) A Feeder UCITS shall invest at least 85% of its assets in the units/shares of another master UCITS.
- (2) A Feeder UCITS may hold up to 15% of its assets in one or more of the following:
  - ancillary liquid assets in accordance with article 41 (2) of the 2010 Law;
  - financial derivative instruments, which may be used only for hedging purposes;
  - movable and immovable property which is essential for the direct pursuit of its business, if the Feeder UCITS is an investment company.
- (3) For the purposes of compliance with paragraph (D) above, the Feeder UCITS shall calculate its global exposure related to financial derivative instruments by combining its own direct exposure under the second indent under b) with either:
  - the master UCITS actual exposure to financial derivative instruments in proportion to the Feeder UCITS investment into the master UCITS; or
  - the master UCITS potential maximum global exposure to financial derivative instruments provided for in the Master UCITS management regulations or instruments of incorporation in proportion to the Feeder UCITS investment into the master UCITS.

## APPENDIX II

### RISK MANAGEMENT PROCESS

The Company will employ a risk-management process which enables it to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of the portfolio; it will employ a process for accurate and independent assessment of the value of OTC derivative instruments.

**Each Sub-Fund shall ensure that its global exposure relating to derivative instruments does not exceed the total net asset value of its portfolio.**

**The exposure is calculated taking into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions. This shall also apply to the following paragraphs.**

The global exposure relating to financial derivative instruments may be calculated through the Value-at-risk (VaR) methodology or the commitment approach. The methodology will be specified in the relevant Section of Appendix IV. C. for each Sub-Fund.

Each Sub-Fund may invest, according to its investment policy and within the limit laid down in Appendix I “Investment Restrictions” in financial derivative instruments provided that the exposure to the underlying assets does not exceed in aggregate the investment limits laid down in Appendix I “Investment Restrictions”.

When a Sub-Fund invests in index-based financial derivative instruments, these investments do not have to be combined to the limits laid down in Appendix I “Investment Restrictions”.

When a Transferable Security or Money Market Instrument embeds a derivative, the latter must be taken into account when complying with the requirements of this Appendix.

## APPENDIX III

### FINANCIAL TECHNIQUES AND INSTRUMENTS

Subject to the following conditions, the Company is authorised for each Sub-Fund to resort to techniques and instruments bearing on Transferable Securities, Money Market Instruments, currencies and other eligible assets, on the condition that any recourse to such techniques and instruments be carried out for the purpose of hedging and/or efficient management of the portfolio, altogether within the meaning of the Grand-ducal regulation of 8th February 2008.

Each Sub-Fund shall ensure that its global exposure relating to derivative instruments does not exceed the total net value of its portfolio.

The exposure is calculated taking into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions.

#### ***A. Techniques and Instruments relating to Transferable Securities, Money Market Instruments and other eligible assets***

##### **(1) General**

To optimise portfolio management and/or to protect its assets and liabilities, the Company may use techniques and instruments involving Transferable Securities, Money Market Instruments, currencies and other eligible assets within the meaning of the Grand-ducal regulation of 8th February 2008 for each Sub-Fund provided that such techniques and instruments are used for the purposes of efficient portfolio management within the meaning of, and under the conditions set out in, applicable laws, regulations and CSSF-Circulars issued from time to time, in particular, but not limited to CSSF-Circulars 08/356 and 14/592 and ESMA-Guidelines 2014/937. In particular, those techniques and instruments should not result in a change of the investment objective of the relevant Sub-Fund or add substantial supplementary risks in comparison to the stated risk profile of such Sub-Fund.

The risk exposure to a counterparty generated through efficient portfolio management techniques and OTC financial derivatives must be combined when calculating counterparty risk limits referred to under Appendix I here above.

All revenues arising from efficient portfolio management techniques, net of direct and indirect operational costs and fees, will be returned to the respective Sub-Fund. In particular, fees and costs may be paid to agents of the Company and other intermediaries providing services in connection with efficient portfolio management techniques as normal compensation for their services. Such fees may be calculated as a percentage of gross revenues earned by the Company through the use of such techniques. Information on direct and indirect operational costs and fees that may be incurred in this respect as well as the identity of the entities to which such costs and fees are paid – as well as any relationship they may have with the Depositary or the Management Company – will be available in the annual report of the Company.

Furthermore, each Sub-Fund is notably authorised to carry out transactions intended to sell or buy foreign exchange rate futures, to sell or buy currency futures and to sell call options or to buy put options on currencies, in order to protect its assets against currency fluctuations or to optimise yield, i.e., for the purpose of sound portfolio management.

The Company is currently not using total return swaps, repurchase and reverse repurchase transactions as defined by SFTR or any other transactions which fall within the scope of SFTR except Securities Lending. If a Sub-Fund was to use such total return swaps, repurchase or reverse repurchase transactions or any other transactions which fall within the scope of SFTR in the future, the present Prospectus will be updated prior to the use of any such techniques and instruments.

##### **(2) Limitation**

When transactions involve the use of derivatives, the Company must comply with the terms and limits stipulated above in Appendix I, Section A, point (7), Section C, points (9), (10), (11), (13) and (14) and Section D, point (1).

The use of transactions involving derivatives or other financial techniques and instruments may not cause the Company to stray from the investment objectives set out in the Prospectus.

### **(3) Risks - Notice**

In order to optimise their portfolio yield, all Sub-Funds are authorised to use the derivatives techniques and instruments described in this Appendix and Appendix I (particularly swaps of rates, currencies and other financial instruments, futures, and securities, rate or futures options), on the terms and conditions set out in said Appendices.

The investor's attention is drawn to the fact that market conditions and applicable regulations may restrict the use of these instruments. The success of these strategies cannot be guaranteed. Sub-funds using these techniques and instruments assume risks and incur costs they would not have assumed or incurred if they had not used such techniques. The investor's attention is further drawn to the increased risk of volatility generated by Sub-Funds using these techniques for other purposes than hedging. If the managers and sub-managers forecast incorrect trends for securities, currency and interest rate markets, the affected Sub-Fund may be worse off than if no such strategy had been used.

In using derivatives, each Sub-Fund may carry out over-the-counter futures or spot transactions on indices or other financial instruments and swaps on indices or other financial instruments with highly-rated banks or brokers specialised in this area, acting as counterparties. Although the corresponding markets are not necessarily considered more volatile than other futures markets, operators have less protection against defaults on these markets since the contracts traded on them are not guaranteed by a clearing house.

## ***B. Securities Lending***

### **(1) General**

Securities lending ("Securities Lending") is a transaction whereby securities are transferred on a temporary basis from a lender to a borrower with the latter obliged to return the securities either on demand or at the end of a specific period.

Each Sub-Fund may for the purpose of generating additional capital or income or for reducing costs or risks enter into Securities Lending transactions in accordance with the provisions of CSSF Circular 08/356 on the rules applicable to undertakings for collective investment when they employ certain techniques and instruments relating to transferable securities and money market instruments ("Circular 08/356") and EU Regulation 2015/2365 on transparency of securities financing transactions and of reuse ("SFTR"). Such Securities Lending transactions may be used provided that the following rules are complied with in addition to the abovementioned conditions:

- (i) The borrower in a Securities Lending transaction must be subject to prudential supervision rules considered by the CSSF as equivalent to those prescribed by EU law and will comply with Article 3 of the SFTR. While there are no predetermined legal status, credit rating or geographical criteria applied in the selection of the counterparties, these elements may be taken into account in the selection process;
- (ii) The Company may only lend securities to a borrower either directly or through a standardized system organized by a recognized clearing institution or through a lending system organized by a financial institution subject to prudential supervision rules considered by the CSSF as equivalent to those provided by EU law and specialized in this type of transaction;
- (iii) The Company may only enter into Securities Lending Transactions provided that it is entitled at any time under the terms of the agreement to request the return of the securities lent or to terminate the agreement.

As of the date of this Prospectus, all Sub-Funds may enter in Securities Lending transactions. The expected proportion of the net assets under management of the Sub-Fund that could be subject to Securities Lending fluctuates between 0 % and 20 %, the latter being the maximum.

All revenues arising from Securities Lending transactions, net of direct and indirect operational costs and fees, will be returned to the Company. In particular, fees and cost may be paid to agents of the Company and other intermediaries providing services in connection with Securities Lending as normal compensation

of their services. Information on the identity of the entities to which such costs and fees are paid will also be available in the annual report of the Company.

Securities of a Sub-Fund that are lent will be transferred to the borrower.

As of the date of this Prospectus, shares and debt securities are the only type of assets that may be subject to Securities Lending.

## **(2) Risks**

Securities Lending involves counterparty risk, including the risk that the loaned securities may not be returned or returned in a timely manner in the event of a default, bankruptcy or insolvency of the borrower, and that rights to the collateral may be lost if the lending agent defaults. Should the borrower of securities fail to return securities lent by a Sub-Fund, there is a risk that the collateral received may be realised at a value lower than the value of the securities lent out, whether due to inaccurate pricing of the collateral, adverse market movements in the value of the collateral, a deterioration in the credit rating of the issuer of the collateral, or the illiquidity of the market in which the collateral is traded. As a Sub-Fund may reinvest the cash collateral received from borrowers, there is a risk that the value on return of the reinvested cash collateral may decline below the amount owed to those borrowers. Delays in the return of securities on loan may restrict the ability of the Sub-Fund to meet delivery obligations under security sales or payment obligations arising from redemption requests.

## ***C. Repurchase Agreement Transactions***

### **(1) General**

The Company may enter into sale with right of repurchases transactions as well as reverse repurchase and repurchase agreement transactions in accordance with the provisions of Circular 08/356. Such repurchase agreements can consist of forward transactions at the maturity of which the Company (seller) has the obligation to repurchase the assets sold and the counterparty (buyer) the obligation to return the assets purchased under the transactions. The Company may further enter into reverse repurchase agreements that consist of forward transactions at the maturity of which the counterparty (seller) has the obligation to repurchase the assets sold and the Company (buyer) the obligation to return the assets purchased under the transactions. The Company may also enter into transactions that consist of the purchase/sale of securities with a clause reserving the counterparty/Company the right to repurchase the securities from the Company/counterparty at a price and term specified by the parties in their contractual arrangements.

The Company's involvement in such transactions is, however, subject to the additional following rules:

- (i) The counterparty to these transactions must be subject to prudential supervision rules considered by the CSSF as equivalent to those prescribed by EU law;
- (ii) The Company may only enter into reverse repurchase agreement and/or repurchase agreement transactions provided that it is able at any time (a) to recall the full amount of cash in a reverse repurchase agreement or any securities subject to a repurchase agreement or (b) to terminate the agreement in accordance with applicable regulations. However, fixed-term transactions that do not exceed seven days should be considered as arrangements on terms that allow the assets to be recalled at any time by the Company.

### **(2) Risks**

The principal risk when engaging in repurchase or reverse repurchase transactions is the risk of default by a counterparty who has become insolvent or is otherwise unable or refuses to honour its obligations to return securities or cash to the relevant Sub-Fund as required by the terms of the transaction. Counterparty risk is mitigated by the transfer or pledge of collateral in favour of the relevant Sub-Fund. However, repurchase or reverse repurchase transactions may not be fully collateralised. Fees and returns due to the relevant Sub-Fund under repurchase or reverse repurchase transactions may not be collateralised. In addition, the value of collateral may decline in between collateral rebalancing dates or may be incorrectly determined or monitored. In such a case, if a counterparty defaults, the relevant Sub-Fund may need to sell non-cash collateral received at prevailing market prices, thereby resulting in a loss to the Sub-Fund.

A Sub-Fund may also incur a loss in reinvesting cash collateral received. Such a loss may arise due to a decline in the value of the investments made. A decline in the value of such investments would reduce the

amount of collateral available to be returned by the relevant Sub-Fund to the counterparty as required by the terms of the transaction. The Sub-Fund would be required to cover the difference in value between the collateral originally received and the amount available to be returned to the counterparty, thereby resulting in a loss to the Sub-Fund.

Repurchase or reverse repurchase transactions also entail operational risks such as the non-settlement or delay in settlement of instructions and legal risks related to the documentation used in respect of such transactions.

A Sub-Fund may enter into repurchase or reverse repurchase transactions with other companies in the same group of companies as the Management Company. Affiliated counterparties, if any, will perform their obligations under any repurchase or reverse repurchase transactions concluded with the Sub-Fund in a commercially reasonable manner. In addition, the Management Company will select counterparties and enter into transactions in accordance with best execution and at all times in the best interests of the Sub-Fund and its investors. However, investors should be aware that the Management Company may face conflicts between its role and its own interests or that of affiliated counterparties.

## ***D. Financial Derivative Instruments***

### **(1) General**

Over-the-counter (OTC) financial derivative instruments (including total return swaps and other derivatives with similar characteristics) used by the Sub-Funds to gain exposure to underlying assets will be entered into with counterparties selected among first class financial institutions specialised in the relevant type of transaction, subject to prudential supervision and belonging to the categories of counterparties approved by the CSSF.

### **(2) Counterparty Risk**

In accordance with its investment objective and policy, a Sub-Fund may trade 'over-the-counter' (OTC) financial derivative instruments such as non-exchange traded futures and options, forwards, swaps or contracts for difference. OTC derivatives are instruments specifically tailored to the needs of an individual investor that enable the user to structure precisely its exposure to a given position. Such instruments are not afforded the same protections as may be available to investors trading futures or options on organised exchanges, such as the performance guarantee of an exchange clearing house. The counterparty to a particular OTC derivative transaction will generally be the specific entity involved in the transaction rather than a recognised exchange clearing house. In these circumstances the Sub-Fund will be exposed to the risk that the counterparty will not settle the transaction in accordance with its terms and conditions because of a dispute over the terms of the contract (whether or not bona fide) or because of the insolvency, bankruptcy or other credit or liquidity problems of the counterparty. This could result in substantial losses to the Sub-Fund.

Participants in OTC markets are typically not subject to the credit evaluation and regulatory oversight to which members of 'exchange-based' markets are subject. Unless otherwise indicated in the Prospectus for a specific Sub-Fund, the Company will not be restricted from dealing with any particular counterparties. The Company's evaluation of the creditworthiness of its counterparties may not prove sufficient. The lack of a complete and foolproof evaluation of the financial capabilities of the counterparties and the absence of a regulated market to facilitate settlement may increase the potential for losses.

The Company may select counterparties located in various jurisdictions. Such local counterparties are subject to various laws and regulations in various jurisdictions that are designed to protect their customers in the event of their insolvency. However, the practical effect of these laws and their application to the Sub-Fund and its assets are subject to substantial limitations and uncertainties. Because of the large number of entities and jurisdictions involved and the range of possible factual scenarios involving the insolvency of a counterparty, it is impossible to generalize the effect of their insolvency on the Sub-Fund and its assets. Investors should assume that the insolvency of any counterparty would generally result in a loss to the Sub-Fund, which could be material.

If there is a default by the counterparty to a transaction, the Company will under most normal circumstances have contractual remedies and in some cases collateral pursuant to the agreements related to the transaction. However, exercising such contractual rights may involve delays and costs. If one or more OTC counterparties were to become insolvent or the subject of liquidation proceedings, the recovery

of securities and other assets under OTC derivatives may be delayed and the securities and other assets recovered by the Company may have declined in value.

Regardless of the measures that the Company may implement to reduce counterparty credit risk there can be no assurance that a counterparty will not default or that the Sub-Fund will not sustain losses on the transactions as a result. Such counterparty risk is accentuated for contracts with longer maturities or where the Sub-Fund has concentrated its transactions with a single or small group of counterparties.

### **(3) Management of Collateral and Collateral Policy**

#### **General**

In the context of OTC financial derivative transactions and efficient portfolio management techniques, the Company may receive collateral with a view to reduce its counterparty risk. This section sets out the collateral policy applied by the Company in such case. All assets received by the Company in the context of efficient portfolio management techniques shall be considered as collateral for the purpose of this section.

Where there is a title transfer, the collateral received will be held by the Depositary in accordance with the Depositary's safekeeping duties under the Depositary Bank and Principal Paying Agent Agreement. For other types of collateral arrangements, the collateral will be held with a central security depository or with a third party custodian subject to prudential supervision, and which is unrelated to the provider of the collateral.

#### **Eligible Collateral**

Collateral received by the Company may be used to reduce its counterparty risk exposure if it complies with the criteria set out in applicable laws, regulations and CSSF-Circulars issued from time to time notably in terms of liquidity, valuation, issuer credit quality, correlation, risks linked to the management of collateral and enforceability. In particular, collateral should comply with the following conditions:

- (i) Any collateral received other than cash should be of high quality, highly liquid and traded on a regulated market or multilateral trading facility with transparent pricing in order that it can be sold quickly at a price that is close to pre-sale valuation;
- (ii) It should be valued on at least a daily basis using available market prices and assets that exhibit high price volatility should not be accepted as collateral unless suitably conservative haircuts are in place. The collateral will be marked to market daily and may be subject to daily variation margin requirements;
- (iii) It should be issued by an entity that is independent from the counterparty and is expected not to display a high correlation with the performance of the counterparty;
- (iv) It should be sufficiently diversified in terms of country, markets and issuers with a maximum exposure of 20% of the respective Sub-Fund's Net Asset Value to any single issuer on an aggregate basis, taking into account all collateral received. By way of derogation, a Sub-Fund may be fully collateralised in different transferable securities and money market instruments issued or guaranteed by a Member State, one or more of its local authorities, a member state of the Organisation for Economic Co-Operation and Development, Brazil, Indonesia, Russia, Singapore and South Africa, or a public international body to which one or more Member States belong. In that case the Sub-Fund shall receive securities from at least six different issues, but securities from any single issue shall not account for more than 30% of the Net Asset Value of the Sub-Fund.
- (v) It should be capable of being fully enforced by the Company at any time without reference to or approval from the counterparty.

Subject to the abovementioned conditions, collateral received by the Company may consist of:

- (i) Cash and cash equivalents, including short-term bank certificates and money market instruments;
- (ii) Bonds issued or guaranteed by a Member State of the OECD or by their local public authorities or by supranational institutions and undertakings with EU, regional or worldwide scope;

- (iii) Shares or units issued by money market UCIs calculating a daily net asset value and being assigned a rating of AAA or its equivalent;
- (iv) Shares or units issued by UCITS investing mainly in bonds/shares mentioned in lit. (e) and (f) of section 1 of Chapter 5, "Investment Restrictions", below;
- (v) Bonds issued or guaranteed by first class issuers offering adequate liquidity;
- (vi) Shares admitted to or dealt in on a regulated market of a Member State of the EU or on a stock exchange of a Member State of the OECD, on the condition that these shares are included in a main index.

With respect to debt securities which may be received as collateral, their maximum maturity may not exceed 40 years.

#### Level of Collateral

The Company will determine the required level of collateral for OTC financial derivatives transactions and efficient portfolio management techniques by reference to the applicable counterparty risk limits set out in this Prospectus and taking into account the nature and characteristics of transactions, the creditworthiness and identity of counterparties and prevailing market conditions.

#### Haircut Policy

Collateral will be valued, on a daily basis, using available market prices and taking into account appropriate discounts which will be determined by the Company for each asset class based on its haircut policy. The policy takes into account a variety of factors, depending on the nature of the collateral received, such as the issuer's credit standing, the maturity, currency, price volatility of the assets and, where applicable, the outcome of liquidity stress tests carried out by the Company under normal and exceptional liquidity conditions. No haircut will generally be applied to cash collateral.

According to the Company's haircut policy the following discounts will be made:

Type of Collateral	Discount
Cash and cash equivalents (only in currencies of G10 member states), including short-term bank certificates and money market instruments; a discount will only be made with regard to collateral not denominated in the reference currency of the relevant Subfund	0,5% - 1%
Bonds issued or guaranteed by a Member State of the OECD or by their local public authorities or by supranational institutions and undertakings with EU, regional or worldwide scope	0,5% - 5%*
Shares or units issued by money market UCIs calculating a daily net asset value and being assigned a rating of AAA or its equivalent	0,5% - 1%
Shares or units issued by UCITS investing mainly in bonds/shares below	15%
Bonds issued or guaranteed by first class issuers offering adequate liquidity	1% - 8%* x
Shares admitted to or dealt in on a regulated market of a Member State of the EU or on a stock exchange of a Member State of the OECD, on the condition that these shares are included in a main index	15%**

\*for securities lending transactions under RBS indemnity, the haircut for bonds collateral is 2%

xthese may vary depending on the maturity period of the security

\*\*for securities lending transactions under RBC indemnity, the haircut for equity collateral is 5%

#### Reinvestment of Collateral

Non-cash collateral received by the Company may not be sold, re-invested or pledged.  
Cash collateral received by the Company can only be:

- (i) placed on deposit with credit institutions which have their registered office in an EU Member State or, if their registered office is located in a third-country, are subject to prudential rules considered by the CSSF as equivalent to those laid down in EU law;
- (ii) invested in high-quality government bonds;
- (iii) used for the purpose of reverse repurchase transactions provided the transactions are with credit institutions subject to prudential supervision and the Company is able to recall at any time the full amount of cash on accrued basis; and/or
- (iv) invested in short-term money market funds as defined in the ESMA-Guidelines 2010/049 on a Common Definition of European Money Market Funds.

Re-invested cash collateral should be diversified in accordance with the diversification requirements applicable to non-cash collateral as set out above.

The Sub-Fund concerned may incur a loss in reinvesting the cash collateral it receives. Such a loss may arise due to a decline in the value of the investment made with cash collateral received. A decline in the value of such investment of the cash collateral would reduce the amount of collateral available to be returned by the Company on behalf of such Sub-Fund to the counterparty at the conclusion of the transaction. The Sub-Fund would be required to cover the difference in value between the collateral originally received and the amount available to be returned to the counterparty, thereby resulting in a loss to the Sub-Fund.

### ***E. Co-management and Pooling***

To ensure effective management of the Company, the Board of Directors and the Management Company may decide to manage all or part of the assets of one or more Sub-Funds with those of other Sub-Funds in the Company (pooling technique) or, where applicable, to co-manage all or part of the assets, except for a cash reserve, if necessary, of one or more Sub-Funds with the assets of other Luxembourg investment funds or of one or more sub-funds of other Luxembourg investment funds (hereinafter referred to as the "Party(ies) to the co-managed assets") for which the Depositary is the appointed custodian bank.

These assets will be managed in accordance with the respective investment policies of the Parties to the co-managed assets, each of which is pursuing identical or comparable objectives. Parties to the co-managed assets will only participate in co-managed assets which are in accordance with the stipulations of their respective prospectuses and investment restrictions.

Each Party to the co-managed assets will participate in the co-managed assets in proportion to the assets it has contributed to the co-management. Assets and liabilities will be allocated to each Party to the co-managed assets in proportion to its contribution to the co-managed assets.

Each Party's rights to the co-managed assets apply to each line of investment in the said co-managed assets.

The aforementioned co-managed assets will be formed by the transfer of cash or, where applicable, other assets from each of the Parties participating in the co-managed assets. Thereafter, the Board of Directors and the Management Company may regularly make subsequent transfers to the co-managed assets. The assets can also be transferred back to a Party to the co-managed assets for an amount not exceeding the participation of the said Party to the co-managed assets.

Dividends, interest and other distributions deriving from income generated by the co-managed assets will accrue to each Party to the co-managed assets in proportion to its respective investment. Such income may be kept by the Party to the co-managed assets or reinvested in the co-managed assets.

All charges and expenses incurred in respect of the co-managed assets will be applied to these assets. Such charges and expenses will be allocated to each Party to the co-managed assets in proportion to its respective entitlement to the co-managed assets.

When the Company is liquidated or when the Board of Directors and the Management Company decide, without prior notice, to withdraw the participation of the Company or a Sub-Fund from co-managed assets,

the co-managed assets will be allocated to the Parties to the co-managed assets in proportion to their respective participation in the co-managed assets.

Co-managed assets are not distinct legal entities and are not directly accessible to investors. However, the assets and liabilities of each Sub-Fund of the Company will be constantly separated and identifiable.

## APPENDIX IV

### THE SUB-FUNDS

The Company's primary objective is to offer its Shareholders the possibility of participating in the professional management of portfolios of Transferable Securities, Money Market Instruments or other eligible assets, as defined by Article 41 of the 2010 Law and within the limits set forth by the relevant articles of such law and as defined in the investment policy of each Sub-Fund of the Company.

#### ***A. GENERAL PROVISIONS APPLICABLE TO EACH SUB-FUND'S INVESTMENT POLICY***

Each Sub-Fund's investment policy, as it appears in this Appendix, has been defined by the Board of Directors.

In each Sub-Fund, the aim is to maximise the value of the invested assets. The Company takes such risks as it considers reasonable, in order to achieve the objective it sets itself. However, given market fluctuations and other risks to which investments in Transferable Securities, Money Market Instruments or other eligible assets are subject, there can be no guarantee that this objective shall be achieved.

Each Sub-Fund may use all the financial techniques and instruments permitted within Appendix III, unless the Sub-Fund and/or class clearly stipulate the contrary on particular financial techniques and instruments.

#### ***B. INVESTMENT POLICIES OF THE SUB-FUNDS***

The different Sub-Funds' investments shall be made according to the restrictions imposed by the 2010 Law and by this Prospectus.

The Company needs not comply with the limits set out in Appendix I, when exercising subscription rights attached to Transferable Securities, Money Market Instruments or other eligible assets that form part of its assets.

If the limits referred to above are exceeded for reasons beyond the Company's control or as a result of the exercise of subscription rights, the Company must adopt as a priority objective for its future sales transactions the remedying of that situation, taking due account of the interests of its Shareholders.

#### ***C. LIST OF THE SUB-FUNDS***

Non-base currency Classes may be hedged against the currency of the relevant Sub-Fund. Specific details are described in the Sub-Fund's relevant data sheet under Appendix IV.

There can be no assurances that this currency hedging strategy will fully eliminate the exchange rate risk between the base currency and the Class currency.

## **1. COELI SICAV I – Frontier Markets Fund**

---

### **INVESTMENT STRATEGIES AND POLICY**

The Coeli SICAV I – Frontier Markets Fund (referred to in this section of the Appendix IV as the “Sub-Fund”) aims to achieve a competitive return investing in stock markets of frontier markets being markets of less developed countries than emerging markets (such region shall include the markets of the following countries: countries included in the MSCI Frontier Markets index, countries not classified in any MSCI index and smaller markets from the MSCI Emerging Market index that have frontier characteristics and very small weightings in the index, the “Frontier Markets”).

The Sub-Fund mainly invests directly and indirectly (i.e. funds, exchange traded funds (“Exchange Traded Funds” or “ETFs”), warrants, derivatives) in equities and equity linked securities. Issuers of these securities will have their registered offices or conduct the majority of their business activities in Frontier Markets. Up to 30 % the Sub-Fund’s net assets may also be invested in companies that generate the majority of their earnings outside Frontier Markets but at the same time benefit from the Frontier Markets demand. In line with the foregoing, equity exposure may also be achieved through Exchange Traded Funds with exposure to the aforementioned markets and, to a limited extent, through investment in convertible bonds. The Sub-Fund may hold, on an ancillary basis, short-term money market instruments, bank deposits and any bonds.

Within the limits set forth and as described under Appendix III of the Prospectus, the Sub-Fund is authorised to use such financial techniques and instruments i.e. for the purpose of hedging and/or efficient management of the portfolio.

Under exceptional circumstances, the Sub-Fund’s net assets may also be invested up to 30% in cash and cash equivalents.

The Sub-Fund may not invest more than 10% of its net assets in units of UCITS and other UCIs.

---

### **RISK PROFILE**

The risks pertaining to the Sub-Fund are primarily those inherent in investing in securities. In addition, the Sub-Fund may incur other risks by investing in Frontier Markets, which risks could adversely affect investments made by the Sub-Fund in these markets. These risks include settlement risks, custody risks, accounting standards risks, illiquidity of investments risks and foreign currency and exchange rates risks.

---

### **PROFILE OF THE TYPICAL INVESTOR**

The Sub-Fund is suitable for investors with a long term investment horizon seeking long-term capital growth through investment in markets.

**DISCLAIMER:** Past performance is not indicative of future results. The Sub-Fund is subject to the risk of financial markets. The price of the Shares and the income from them may fall as well as rise. Accordingly, there is no guarantee that investors will recover the total amount initially invested. There can be no assurance that the Sub-Fund will achieve its objectives.

---

### **GLOBAL EXPOSURE**

The Company will use the commitment approach in order to calculate the global risk exposure of the Sub-Fund.

---

### **BANK BUSINESS DAY**

A Bank Business Day for this Sub-Fund shall mean a day on which banks are open in Luxembourg.

---

### **SUBSCRIPTIONS**

Any investor applying for subscription of Shares may at any time request such subscription by way of a written application, considered irrevocable, sent at the registered office of the Registrar Agent. Requests must contain the following information: the exact name and address of the person making the subscription request and the amount or the number of Shares to be subscribed, the Sub-Fund to which such subscription applies as well as the Class of Shares concerned, the subscription amount and instruction of payments to be used in cases of future redemptions.

Provided the application together with any required documentation are received prior to 2.00 p.m., Luxembourg time, on a Valuation Day, the Shares will be issued based on the Net Asset Value per Share applicable on that Valuation Day. If received thereafter, the application will be deferred to the following Valuation Day. A subscription fee may be levied as set out under point "Available Classes of Shares" of the present section hereunder.

Payments for subscriptions must be received within two (2) Bank Business Days after the relevant Valuation Day.

Shares will be allotted on receipt of the payment and of the duly fulfilled application form.

---

## **REDEMPTIONS**

Shareholders may place redemption orders every Bank Business Day for all or part of their shareholdings. Redemption requests, considered irrevocable, should be sent at the registered office of the Registrar Agent. Requests must contain the following information: the exact name and address of the person making the redemption request and the number of Shares or the amount to be redeemed, the Sub-Fund to which such Shares belong, as well as the Class of Shares and instruction of payments to be used in cases to credit the investor.

Provided the application together with any required documentation is received prior to 2.00 p.m., Luxembourg time, on a Valuation Day, the Shares will be redeemed based on the Net Asset Value per Share applicable on that Valuation Day. If received thereafter, the application will be deferred to the next following Valuation Day. The redemption price shall be paid not later than three (3) Bank Business Days after the applicable Valuation Day. A redemption fee may be levied as set out under point "Available Classes of Shares" of the present section 4. hereunder.

\* The investment management fee includes the distribution fee paid to the Global Distributor for the relevant Class.

\*\* Class I-EM EUR Shares are available only to investors who have entered into an investment agreement with the Investment Manager. Class I-EM EUR Shares will be available solely at the discretion of the Investment Manager. The Investment Manager may in its absolute discretion close Class I-EM EUR Shares to new subscriptions without notice. Investors should contact the Investment Manager prior to making a subscription application for information as to whether Class I-EM EUR Shares are available.

\*\*\* Shares of Class S will only be issued to funds managed by Coeli Asset Management AB. However, the Board of Directors may in its discretion accept subscriptions from other investors.

\*\*\*\* In this perspective, eligible investor refers only to whether the Share Class is subject to a reduced subscription tax (*taxe d'abonnement*). Please refer to section "Tax Status" for more information.

**Share class I-D EUR is a distribution share class. The Board of Directors will recommend a dividend amount that will be confirmed at the annual general meeting of the Shareholders of the Company. The dividend will be paid out four weeks after the annual general meeting of the shareholders of the Company at the latest.**

**REFERENCE CURRENCY OF THE SUB-FUND:** The reference currency of the Sub-Fund US DOLLAR.

Share Classes denominated in different currencies may be hedged against the reference currency of the relevant Sub-Fund.

There can be no assurances that this currency hedging strategy will fully eliminate the exchange rate risk between the base currency and the Class currency.

**FEES CLAIMED BY LOCAL INTERMEDIARIES:** In connection with the purchase and/or sales of the Shares in the local markets, local intermediaries may charge additional costs.

---

## CHARGES AND EXPENSES

The Management Company is entitled to receive for its management company services out of the assets of the respective Class within the Sub-Fund a management fee, payable monthly in arrears at such rate p.a. as set out in respect of each Class under point “Available Classes of Shares” here above. The fees are based on the average Net Asset Value of the relevant Class over the relevant period.

---

### PERFORMANCE FEE

In addition, the Investment Manager will receive for its investment management services from the Sub-Fund, payable out of the assets attributable to the relevant Class of Shares, a performance fee calculated as follows:

The performance fee is calculated and accrued daily and paid out of the Sub-Fund at the end of each year. The performance fee is payable only if the performance of the Class exceeds that of its benchmark for the performance fee (the “Benchmark Index”). A performance fee could therefore be paid even if the Net Asset Value per Share has decreased. If during a given period, the Sub-Fund has a performance which is lower than the performance of the Benchmark Index (i.e. a relative underperformance), such underperformance must be taken into consideration the following period as long as the performance of the Sub-Fund has not recovered the underperformance relative to the Benchmark Index.

When calculating the eventual performance fee, the respective Sub-Fund’s performance will be determined on the basis of the change in Net Asset Value per Share, after the deduction of the management company fee and the investment manager fee. The performance fee, if any, will be calculated based on the number of Shares in issue on that Valuation Day. The Benchmark Index is converted to the reference currency of the Class for the performance fee calculations.

The concept of “crystallization” will be applied, meaning that the performance fee due to the Investment Manager is precisely determined (accrued or “crystallized”) at any time, in order to ensure that an investor applying for the redemption of his Shares within a certain period nevertheless pays an adequate portion of the performance fee due at the end of the year. The crystallized performance fee is paid out of the Sub-Fund at the end of each year.

The performance fee will be 10% of the excess yield in relation to the Benchmark Index for Classes W, I and I-D. The performance fee for Class I-EM will be 10% of the excess yield in relation to the Benchmark Index.

---

### PUBLICATION OF THE NET ASSET VALUE

The Net Asset Value per Share as well as the issue and redemption prices of each Class within the Sub-Fund are available at the registered office of the Company and at [www.coeli.com](http://www.coeli.com).

---

### INVESTMENT MANAGER

The Management Company has appointed Coeli Frontier Markets AB, with registered office at Sveavägen 24-26 SE-11157 Stockholm Sweden (the “**Investment Manager**”) to be Investment Manager for the Sub-Fund. Coeli Frontier Markets AB is a company regulated by the Swedish Financial Supervisory Authority, Finansinspektionen. The Investment Manager is entitled to receive for its investment management services out of the assets of the respective Class within the Sub-Fund an investment management fee, payable monthly in arrears at such rate p.a. as set out in respect of each Class under point “Available Classes of Shares” here above. The fees are based on the average Net Asset Value of the relevant Class over the relevant period.

## **2. COELI SICAV I – Balanced**

---

### **INVESTMENT STRATEGIES AND POLICY**

The investment objective of the sub-fund Coeli SICAV I – Balanced (referred to in the present Section of the Prospectus as the "Sub-Fund") is to provide a diversified portfolio with an efficient risk adjusted return.

The Sub-Fund will invest in equities, fixed income, exchange traded funds (European), UCITS and/or other UCIs and financial derivative instruments.

The Sub-Fund will seek to benefit from the Investment Manager experience in order to achieve returns from asset selection.

No assurance can be given that the Sub-Fund's investment objective will be achieved and investment results may vary substantially over time. No assurance can be given that the Sub-Fund will not incur investment losses.

The Sub-Fund has a wide-ranging portfolio of different asset classes. Holdings in equity and fixed-income securities should primarily be in securities issued by entities that are domiciled or active in the Nordic region (Sweden, Finland, Norway, Denmark and Iceland). At times, the Sub-Fund's portfolio may be concentrated in any one or a combination of such assets. The combination of the above asset classes will vary from time to time in response to changing market conditions.

Investments will primarily be direct but can also be indirect. Indirect investments will be in UCITS and/or UCIs and financial derivative instruments in indices, equities, currencies and fixed income instruments listed on regulated markets. Direct investments will primarily be in equities and fixed income instruments. The Sub-Fund may invest in high yielding sub investment grade (as measured by Standard & Poor's or any equivalent grade of other credit rating agencies) and unrated securities.

Up to 10 % of the Sub-Fund's net assets may be invested in UCITS and other UCIs.

The Sub-Fund will have a minimum total exposure of 30% to equities and 30% to fixed income of the Net Asset Value. Total exposure includes both direct and indirect investments.

The Investment Manager shall use, in relation to the Sub-Fund, fundamental research, quantitative research and top down macro research.

---

### **RISK PROFILE**

The risks pertaining to the Sub-Fund are primarily those inherent in investing in securities and fixed income instruments. These risks include settlement risks, custody risks, accounting standards risks, illiquidity of investments risks and foreign currency and exchange rates risks.

---

### **PROFILE OF THE TYPICAL INVESTOR**

The Sub-Fund is suitable for investors with a long term investment horizon seeking long-term capital growth through investments in global equities, currencies and fixed income.

**DISCLAIMER:** Past performance is not indicative of future results. The Sub-Fund is subject to the risk of financial markets. The price of the Shares and the income from them may fall as well as rise. Accordingly, there is no guarantee that investors will recover the total amount initially invested. There can be no assurance that the Sub-Fund will achieve its objectives.

---

### **GLOBAL EXPOSURE**

The Company will use the commitment approach in order to calculate the global risk exposure of the Sub-Fund.

---

### **BANK BUSINESS DAY**

For the purpose of this data sheet, a Bank Business Day shall mean a full day on which banks are open in Luxembourg and Sweden.

---

## **SUBSCRIPTIONS**

### ***3. COELI SICAV I – Nordic Corporate Bond Fund***

---

#### **INVESTMENT STRATEGIES AND POLICY**

The sub-fund Coeli SICAV I – Nordic Corporate Bond (referred to in the present Section as the “Sub-Fund”) aims to achieve a competitive return through interest income and capital appreciation by primarily investing in fixed income or fixed income related instruments. At least two third of the sub-fund’s holdings of investment securities should be issued by entities that are domiciled or active in the Nordic region (Sweden, Finland, Norway, Denmark and Iceland).

The Sub-Fund will mainly invest in fixed income securities issued by corporations and financial institutions. On an ancillary basis, the Sub-Fund can also invest into securities issued by governments and their agencies, state and municipal entities. A significant part, or all, of the Sub-Fund’s capital may be invested in high yielding sub investment grade (as measured by Standard & Poor’s or any equivalent grade of other credit rating agencies) and unrated securities. Up to 10 % of the Sub-Fund’s net assets may be invested in preferred stocks and other participation rights. Up to 10 % of the Sub-Fund’s net assets may be invested in exchange traded funds (“Exchange Traded Funds” or “ETFs”), UCITS and other investment funds that in all material aspects comply with the Sub-Fund’s investment strategy and investment restrictions as set out in Appendix I, especially Section A. (5) of Appendix I.

The average duration of the Sub-Fund’s investments will be actively managed and will not exceed ten years. The residual time maturity of each debt security is limited to twenty years. For securities with a variable interest rate, the next adaptation of the rate replaces the maturity.

The Sub-Fund may invest in assets denominated in any currency. Exposure to non-SEK denominated debt securities may be hedged back into SEK through the use of instruments such as forward foreign exchange contracts. The Sub-Fund will bear the costs incurred by such currency hedging.

Within the limits set forth and as described under Appendix III of the Prospectus, the Sub-Fund is authorised to use financial techniques and derivative instruments to achieve its investment objective and for the purpose of hedging and/or efficient management of the portfolio.

The Sub-Fund considers sustainability aspects in its portfolio management, and the Sub-Fund will not invest in companies where five percent or more of the revenue directly derives from production of fossil fuel, alcohol, tobacco, pornography, weapons and/or war material. To be even more explicit the Sub-Fund will not invest in companies at all that are involved at all in the following products: nuclear weapons, cluster-bombs, chemical or biological weapons. Furthermore, the Sub-Fund will not invest in companies that are involved in violations of international norms and conventions (at least UN Global Compact and OECD Guidelines for Multinational Enterprises) around the environment, human rights, working conditions and business ethics. In case an existing investment commits a violation of international norms and conventions the Investment Manager or its representative will engage with the relevant company and if no change is likely to happen within an acceptable time horizon, the Sub-Fund will divest from the holding.

---

#### **RISK PROFILE**

This Sub-Fund invests primarily in debt instruments issued by entities domiciled or active in the Nordic region. The debt securities may be subject to high risk and will not be required to meet a minimum rating standard. The Sub-Fund may suffer losses due to defaults or deteriorating creditworthiness of the issuers. The market prices of the Sub-Fund’s investments can fluctuate significantly depending on the economic development and interest rate changes. Any un-hedged currency exposure may give rise to currency risks.

---

#### **PROFILE OF THE TYPICAL INVESTOR**

The Sub-Fund is suitable for investors with a long term investment horizon seeking long-term capital growth through investments in fixed income securities mainly issued by corporations and financial institutions in the Nordic region

**DISCLAIMER:** Past performance is not indicative of future results. The Sub-Fund is subject to the risk of financial markets. The price of the Shares and the income from them may fall as well as rise. Accordingly, there is no guarantee that investors will recover the total amount initially invested. There can be no assurance that the Sub-Fund will achieve its objectives.

---

## **GLOBAL EXPOSURE**

The Company will use the commitment approach in order to calculate the global risk exposure of the Sub-Fund.

---

## **BANK BUSINESS DAY**

A Bank Business Day for this Sub-Fund shall mean a day on which banks are open in Luxembourg and Stockholm.

---

## **SUBSCRIPTIONS**

Any investor applying for subscription of Shares may at any time request such subscription by way of a written application, considered irrevocable, sent at the registered office of the Registrar Agent. Requests must contain the following information: the exact name and address of the person making the subscription request and the amount or the number of Shares to be subscribed, the Sub-Fund to which such subscription applies as well as the Class of Shares concerned, the subscription amount and instruction of payments to be used in cases of future redemptions.

Provided the application together with any required documentation are received prior to 2.00 p.m., Luxembourg time, on a Valuation Day, the Shares will be issued based on the Net Asset Value per Share applicable on that Valuation Day. If received thereafter, the application will be deferred to the following Valuation Day. A subscription fee may be levied as set out under point "Available Classes of Shares" of the present section hereunder.

Payments for subscriptions must be received within two (2) Bank Business Days after the relevant Valuation Day.

Shares will be allotted on receipt of the payment and of the duly fulfilled application form.

---

## **REDEMPTIONS**

Shareholders may place redemption orders every Bank Business Day for all or part of their shareholdings. Redemption requests, considered irrevocable, should be sent at the registered office of the Registrar Agent. Requests must contain the following information: the exact name and address of the person making the redemption request and the number of Shares or the amount to be redeemed, the Sub-Fund to which such Shares belong, as well as the Class of Shares and instruction of payments to be used in cases to credit the investor.

Provided the application together with any required documentation is received prior to 2.00 p.m., Luxembourg time, on a Valuation Day, the Shares will be redeemed based on the Net Asset Value per Share applicable on that Valuation Day. If received thereafter, the application will be deferred to the next following Valuation Day. The redemption price shall be paid not later than two (2) Bank Business Days after the applicable Valuation Day. A redemption fee may be levied as set out under point "Available Classes of Shares" of the present section hereunder.

\*\* Shares of Class S will only be issued to funds managed by Coeli Asset Management AB. However, the Board of Directors may in its discretion accept subscriptions from other investors.

\*\*\* In this perspective, eligible investor refers only to whether the Share Class is subject to a reduced subscription tax (*taxe d'abonnement*). Please refer to section "Tax Status" for more information.

Shareholders of the dividend share classes R-D SEK and I-D SEK will receive a fixed dividend of 4% p.a. regardless of the performance of such share class in the relevant year. The dividend will be paid out four weeks after the annual general meeting of the Shareholders of the Company at the latest.

**REFERENCE CURRENCY OF THE SUB-FUND:** The reference currency of the Sub-Fund is SEK.

Share currency Classes denominated in different currencies may be hedged against the reference currency of the relevant Sub-Fund.

There can be no assurances that this currency hedging strategy will fully eliminate the exchange rate risk between the base currency and the Class currency.

**FEES CLAIMED BY LOCAL INTERMEDIARIES:** In connection with the purchase and/or sales of the Shares in the local markets, local intermediaries may charge additional costs.

---

## **CHARGES AND EXPENSES**

The Management Company is entitled to receive for its management company services out of the assets of the respective Class within the Sub-Fund a management fee, payable monthly in arrears at such rate p.a. as set out in respect of each Class under point "Available Classes of Shares" here above. The fees are based on the average Net Asset Value of the relevant Class over the relevant period.

---

## **PUBLICATION OF THE NET ASSET VALUE**

The Net Asset Value per Share as well as the issue and redemption prices of each Class within the Sub-Fund are available at the registered office of the Company and at [www.coeli.com](http://www.coeli.com).

---

## **INVESTMENT MANAGER**

The Management Company has appointed Coeli Asset Management AB, with registered office at Sveavägen 24-26 SE-11157 Stockholm Sweden (the "Investment Manager") to be Investment Manager for the Sub-Fund. Coeli Asset Management AB is a company regulated by the Swedish Financial Supervisory Authority, Finansinspektionen. The Investment Manager is entitled to receive for its investment management services out of the assets of the respective Class within the Sub-Fund an investment management fee, payable monthly in arrears at such rate p.a. as set out in respect of each Class under point "Available Classes of Shares" here above. The fees are based on the average Net Asset Value of the relevant Class over the relevant period.

## **4. COELI SICAV I – Sweden Fund**

---

### **INVESTMENT STRATEGIES AND POLICY**

The investment objective of the Sub-Fund Coeli SICAV I – Sweden Fund (referred to in the present Section as the “Sub-Fund”) is to create long-term capital growth by focusing on stock picking in Sweden and the rest of the Nordic region (such region including Denmark, Finland, Norway and Iceland and referred to as the “Nordic Region”). The aim is to outperform its benchmark, SIX Portfolio Return Index (“SIX PRX”).

To achieve its investment objective, the Sub-Fund will mainly invest, directly or indirectly, in a portfolio of Swedish equities and equity related instruments. Swedish equities shall mean equity instruments issued by an entity domiciled in Sweden and/or of which equity instruments are traded on a stock exchange in Sweden. The Sub-Fund may however invest, directly or indirectly, up to 20% in equities and equity related instruments issued by companies in the Nordic Region or traded on a stock exchange in any of these countries.

The Sub-Fund may invest in derivatives such as, but not limited to, futures, options, forwards and OTC derivatives, as part of its investment policy and may enter into Securities Lending transactions. Investments in OTC derivatives include, but are not limited to, swap transactions on financial indices as well as equities issued by companies in Sweden and the Nordic Region. The Sub-Fund may seek indirect exposure to various financial indices.

The Sub-Fund may on an ancillary basis invest in cash and cash related instruments. The Sub-Fund may not invest more than 10% of its assets in units of UCITS and other UCIs.

---

### **RISK PROFILE**

The risks pertaining to the Sub-Fund are primarily those inherent in investing in equities issued by companies in Sweden and the Nordic Region.

These risks include settlement risks, custody risks, accounting standards risks, illiquidity of investments risks and foreign currency and exchange rates risks.

---

### **PROFILE OF THE TYPICAL INVESTOR**

The Sub-Fund is suitable for investors with a long term investment horizon seeking long-term capital growth through investments in equities issued by companies in Sweden and the Nordic Region.

**DISCLAIMER:** Past performance is not indicative of future results. The Sub-Fund is subject to the risk of financial markets. The price of the Shares and the income from them may fall as well as rise. Accordingly, there is no guarantee that investors will recover the total amount initially invested. There can be no assurance that the Sub-Fund will achieve its objectives.

---

### **GLOBAL EXPOSURE**

The Company will use the commitment approach in order to calculate the global risk exposure of the Sub-Fund.

---

### **BANK BUSINESS DAY**

## **CHARGES AND EXPENSES**

The Management Company is entitled to receive for its management company services out of the assets of the respective Class within the Sub-Fund a management fee, payable monthly in arrears at such rate p.a. as set out in respect of each Class under point “Available Classes of Shares” here above. The fees are based on the average Net Asset Value of the relevant Class over the relevant period.

---

### **PERFORMANCE FEE**

In addition, the Investment Manager will receive for its investment management services from the Sub-Fund, payable out of the assets attributable to the relevant Class of Shares, a performance fee calculated as follows:

The performance fee is calculated and accrued daily and paid out of the Sub-Fund at the end of each year. The performance fee is payable only if the Sub-Fund's performance exceeds that of SIX Portfolio Return Index (SIX PRX) (the “Sub-Fund's Benchmark Index”). A performance fee could therefore be paid even if the net asset value per Share has decreased.

If during a given period, the Sub-Fund has a performance which is lower than the performance of the benchmark (i.e. a relative underperformance), such underperformance must be taken into consideration the following period as long as the performance of the Sub-Fund has not recovered the underperformance relative to the Sub-Fund's Benchmark Index.

When calculating the eventual performance fee, the respective Sub-Fund's performance will be determined on the basis of the change in Net Asset Value per Share, after the deduction of the management company fee and the investment manager fee. The performance fee, if any, will be calculated based on the number of Shares in issue on that Valuation Day.

The concept of “crystallization” will be applied, meaning that the performance fee due to the Investment Manager is precisely determined (accrued or “crystallized”) at any time, in order to ensure that an investor applying for the redemption of his shares within a certain period nevertheless pays an adequate portion of the performance fee due at the end of the year. The crystallized performance fee is paid out of the Sub-Fund at the end of each year.

The performance fee will be 10% of the excess yield in relation to the Sub-Fund's Benchmark Index.

---

### **PUBLICATION OF THE NET ASSET VALUE**

The Net Asset Value per Share as well as the issue and redemption prices of each Class within the Sub-Fund are available at the registered office of the Company and at [www.coeli.com](http://www.coeli.com).

### **INVESTMENT MANAGER**

The Management Company has appointed Coeli Asset Management AB, with registered office at Sveavägen 24-26 SE-11157 Stockholm Sweden (the “Investment Manager”) as Investment Manager of the Sub-Fund. Coeli Asset Management AB is a company regulated by the Swedish Financial Supervisory Authority, Finansinspektionen. The Investment Manager is entitled to receive for its investment management services out of the assets of the respective Class within the Sub-Fund an investment management fee, payable monthly in arrears at such rate p.a. as set out in respect of each Class under point “Available Classes of Shares” here above. The fees are based on the average Net Asset Value of the relevant Class over the relevant period.

## **5. COELI SICAV I – Global Select Fund**

---

### **INVESTMENT STRATEGIES AND POLICY**

The investment objective of the Sub-Fund Coeli SICAV I – Global Select Fund (referred to in the present Section as the “Sub-Fund”) is to create long-term capital growth by investing in a portfolio of selected global equities. The aim is to outperform its benchmark, MSCI All Country World Daily Net Total Return Index.

The Sub-Fund mainly invests directly and indirectly (i.e. through funds, exchange traded funds (“Exchange Traded Funds” or “ETFs”), warrants, derivatives) in equities and equity linked securities. The Sub-Fund is allowed to invest in any equity security regardless of market capitalization or place of registered office.

Within the limits set forth and as described under Appendix III of the Prospectus, the Sub-Fund is authorised to use such financial techniques and instruments i.e. for the purpose of hedging and/or efficient management of the portfolio.

Under exceptional circumstances, the Sub-Fund’s net assets may also be invested up to 30% in cash and cash equivalents.

The Sub-Fund may not invest more than 10% of its net assets in units of UCITS and/or other UCIs.

The Sub-Fund considers sustainability aspects in its portfolio management, and the Sub-Fund will not invest in companies where five percent or more of the revenue directly derives from production of fossil fuel, alcohol, tobacco, pornography, weapons and/or war material. To be even more explicit the Sub-Fund will not invest in companies at all that are involved at all in the following products: nuclear weapons, cluster-bombs, chemical or biological weapons. **Shareholders of the dividend share classes R-D SEK and I-D SEK will receive a fixed dividend of 4% p.a. regardless of the performance of such share class in the relevant year. The dividend will be paid out four weeks after the annual general meeting of the Shareholders of the Company at the latest.**

**REFERENCE CURRENCY OF THE SUB-FUND:** The reference currency of the Sub-Fund is SEK.

Share Classes denominated in different currencies may be hedged against the reference currency of the relevant Sub-Fund.

There can be no assurances that this currency hedging strategy will fully eliminate the exchange rate risk between the base currency and the Class currency.

**FEES CLAIMED BY LOCAL INTERMEDIARIES:** In connection with the purchase and/or sales of the Shares in the local markets, local intermediaries may charge additional costs.

---

## **CHARGES AND EXPENSES**

The Management Company is entitled to receive for its management company services out of the assets of the respective Class within the Sub-Fund a management fee, payable monthly in arrears at such rate p.a. as set out in respect of each Class under point "Available Classes of Shares" here above. The fees are based on the average Net Asset Value of the relevant Class over the relevant period.

---

## **PERFORMANCE FEE**

In addition, the Investment Manager will receive for its investment management services from the Sub-Fund, payable out of the assets attributable to the relevant Class of Shares, a performance fee calculated as follows:

The performance fee is calculated and accrued daily and paid out of the Sub-Fund at the end of each year. The performance fee is payable only if the Sub-Fund's performance exceeds that of the MSCI All Country World Daily Net Total return index (USD) (the "Sub-Fund's Benchmark Index"). A performance fee could therefore be paid even if the net asset value per Share has decreased.

If during a given period, the Sub-Fund has a performance which is lower than the performance of the benchmark (i.e. a relative underperformance), such underperformance must be taken into consideration the following period as long as the performance of the Sub-Fund has not recovered the underperformance relative to the Sub-Fund's Benchmark Index.

When calculating the eventual performance fee, the respective Sub-Fund's performance will be determined on the basis of the change in Net Asset Value per Share, after the deduction of the management company fee and the investment manager fee. The performance fee, if any, will be calculated based on the number of Shares in issue on that Valuation Day. The Sub-Fund's Benchmark Index is converted to the reference currency of the Class of Shares for the performance fee calculations.

The concept of "crystallization" will be applied, meaning that the performance fee due to the Investment Manager is precisely determined (accrued or "crystallized") at any time, in order to ensure that an investor applying for the redemption of his shares within a certain period nevertheless pays an adequate portion of the performance fee due at the end of the year. The crystallized performance fee is paid out of the Sub-Fund at the end of each year.

The performance fee will be 10% of the excess yield in relation to the Sub-Fund's Benchmark Index.

## **PUBLICATION OF THE NET ASSET VALUE**

The Net Asset Value per Share as well as the issue and redemption prices of each Class within the Sub-Fund are available at the registered office of the Company and at [www.coeli.com](http://www.coeli.com).

## **INVESTMENT MANAGER**

The Management Company has appointed Coeli Asset Management AB, with registered office at Sveavägen 24-26 SE-11157 Stockholm Sweden (the "Investment Manager") as Investment Manager of the Sub-Fund. Coeli Asset Management AB is a company regulated by the Swedish Financial Supervisory Authority, Finansinspektionen. The Investment Manager is entitled to receive for its investment management services out of the assets of the respective Class within the Sub-Fund an investment

management fee, payable monthly in arrears at such rate p.a. as set out in respect of each Class under point “Available Classes of Shares” here above. The fees are based on the average Net Asset Value of the relevant Class over the relevant period.

## **6. COELI SICAV I – Mix**

---

### **INVESTMENT STRATEGIES AND POLICY**

The investment objective of the sub-fund Coeli SICAV I – Mix (referred to in the present Chapter of the Prospectus as the “Sub-Fund”) is to provide a diversified portfolio with an efficient risk adjusted return.

The Sub-Fund will invest in equities, fixed income, exchange traded funds (European), UCITS and/or UCIs and derivatives.

The Sub-Fund will seek to benefit from the Investment Manager or, in relation to underlying funds, the relevant investment manager’s experience in order to achieve returns from asset selection.

No assurance can be given that the Sub-Fund’s investment objective will be achieved and investment results may vary substantially over time. No assurance can be given that the Sub-Fund will not incur investment losses.

The Sub-Fund will have a wide-ranging portfolio of different asset classes and is not limited to a specific geographic focus. At times, the Sub-Fund’s portfolio may be concentrated in any one or a combination of such assets. The combination of the above asset classes will vary from time to time in response to changing market conditions. The Sub-Fund primarily invests in developed and emerging markets.

Investments can be direct or indirect. Indirect investments will be in UCITS and/or UCIs primarily managed by the Investment Manager and derivatives in indices, equities, currencies and fixed income instruments listed on regulated markets. Direct investments will primarily be in equities and fixed income instruments. The Sub-Fund will only invest, at the time of acquisition, in fixed income securities which have an official credit rating B or above (as measured by Standard & Poor’s or any equivalent grade of other credit rating agencies or determined to be of similar creditworthiness by the Investment Manager with respect to unrated securities).

The Sub-Fund will have a minimum total exposure of 30% to equities and 30% to fixed income and alternative investments of the Net Asset Value (including hedge fund strategies). Total exposure includes both direct and indirect investments.

The Investment Manager shall use, in relation to the Sub-Fund, fundamental research, quantitative research and top down macro research.

---

### **RISK PROFILE**

The risks pertaining to the Sub-Fund are primarily those inherent in investing in financial instruments. These risks include market risk, settlement risks, custody risks, accounting standards risks, illiquidity of investments risks and foreign currency and exchange rates risks.

---

### **PROFILE OF THE TYPICAL INVESTOR**

The Sub-Fund is suitable for investors with a long term investment horizon seeking long-term capital growth through investments in global equities, currencies and fixed income.

**DISCLAIMER:** Past performance is not indicative of future results. The Sub-Fund is subject to the risk of financial markets. The price of the Shares and the income from them may fall as well as rise. Accordingly, there is no guarantee that investors will recover the total amount initially invested. There can be no assurance that the Sub-Fund will achieve its objectives.

---

### **GLOBAL EXPOSURE**

The Company will use the commitment approach in order to calculate the global risk exposure of the Sub-Fund.

---

### **BANK BUSINESS DAY**

A Bank Business Day for this Sub-Fund shall mean a day on which banks are open in Luxembourg.

---

## **SUBSCRIPTIONS**

Any investor applying for subscription of Shares may at any time request such subscription by way of a written application, considered irrevocable, sent at the registered office of the Registrar Agent. Requests must contain the following information: the exact name and address of the person making the subscription request and the amount or the number of Shares to be subscribed, the Sub-Fund to which such subscription applies as well as the Class concerned, the subscription amount and instruction of payments to be used in cases of future redemptions.

Provided the application together with any required documentation are received prior to 1.00 p.m., Luxembourg time, on a Valuation Day, the Shares will be issued based on the Net Asset Value per Share applicable on that Valuation Day. If received thereafter, the application will be deferred to the following Valuation Day. A subscription fee may be levied as set out under point “Available Classes of Shares” of the present section hereunder.

Payments for subscriptions must be received within three (3) Bank Business Days after the relevant Valuation Day

Shares will be allotted on receipt of the payment and of the duly fulfilled application form.

---

## **REDEMPTIONS**

Shareholders may place redemption orders every Bank Business Day for all or part of their shareholdings. Redemption requests, considered irrevocable, should be sent at the registered office of the Registrar Agent. Requests must contain the following information: the exact name and address of the person making the redemption request and the number of Shares or the amount to be redeemed, the Sub-Fund to which such Shares belong, as well as the Class and instruction of payments to be used in cases to credit the investor.

Provided the application together with any required documentation is received prior to 1.00 p.m., Luxembourg time, on a Valuation Day, the Shares will be redeemed based on the Net Asset Value per Share applicable on that Valuation Day. If received thereafter, the application will be deferred to the next following Valuation Day. The redemption price shall be paid not later than three (3) Bank Business Days after the applicable Valuation Day. A redemption fee may be levied as set out under point “Available Classes of Shares” hereunder.

## **8. COELI SICAV I – Likviditetsstrategi**

---

### **INVESTMENT STRATEGIES AND POLICY**

The sub-fund Likviditetsstrategi (referred to in the present Section as the “Sub-Fund”) aims to achieve a competitive return through interest income and capital appreciation by primarily investing in fixed income or fixed income related instruments. At least two third of the Sub-Fund’s holdings of investment securities will be issued by entities that are domiciled or active or exercise the predominant part of their economic activities in the Nordic region (Sweden, Finland, Norway, Denmark and Iceland).

The Sub-Fund will mainly invest in fixed income securities issued by corporations and financial institutions. On an ancillary basis, the Sub-Fund can also invest into securities issued by governments and their agencies, state and municipal entities. A significant part, or all, of the Sub-Fund’s capital may be invested in high yielding sub investment grade (as measured by Standard & Poor’s or any equivalent grade of other credit rating agencies) and unrated securities. The Sub-Fund will only invest, at the time of acquisition, in fixed income securities which have an official credit rating B or above (as measured by Standard & Poor’s or any equivalent grade of other credit rating agencies or determined to be of similar creditworthiness by the Investment Manager with respect to unrated securities). Up to 10 % of the Sub-Fund’s net assets may be invested in preferred stocks and other participation rights. Up to 10 % of the Sub-Fund’s net assets may be invested in exchange traded funds (“Exchange Traded Funds” or “ETFs”), UCITS and other investment funds that in all material aspects comply with the Sub-Fund’s investment strategy and investment restrictions as set out in Appendix I, especially Section A. (5) of Appendix I. Investments in ETFs will be restricted to European ETFs.

The Sub-Fund may invest up to 20% of its net assets in asset-backed securities and mortgage-backed securities. The Sub-Fund may also invest, in accordance with Article 43(4) of the 2010 Law, up to 40% of its net assets in covered bonds having a minimum official credit rating of AA- (as measured by Standard & Poor’s or any equivalent grade of other credit rating agencies).

The Sub-Fund will be actively managed. The average duration of the Sub-Fund’s investments will not exceed twelve months. The residual time to maturity of each debt security is limited to twenty years. For securities with a variable interest rate, the next adaptation of the rate replaces the maturity.

The Sub-Fund may invest in assets denominated in any currency. Exposure to non-SEK denominated debt securities may be hedged back into SEK through the use of instruments such as forward foreign exchange contracts. The Sub-Fund will bear the costs incurred by such currency hedging.

Within the limits set forth and as described under Appendix III of the Prospectus, the Sub-Fund is authorised to use financial techniques and derivative instruments to achieve its investment objective and for the purpose of hedging and/or efficient management of the portfolio.

---

### **RISK PROFILE**

This Sub-Fund invests primarily in debt instruments issued by entities domiciled or active in the Nordic region. The debt securities may be subject to high risk and will not be required to meet a minimum rating standard. The Sub-Fund may suffer losses due to defaults or deteriorating creditworthiness of the issuers. The market prices of the Sub-Fund’s investments can fluctuate significantly depending on the economic development and interest rate changes. Any un-hedged currency exposure may give rise to currency risks.

The risks pertaining to the Sub-Fund are primarily market risk, settlement risks, custody risks, accounting standards risks, illiquidity of investments risks and foreign currency and exchange rates risks.

---

### **PROFILE OF THE TYPICAL INVESTOR**

The Sub-Fund is suitable for investors with a medium to long term investment horizon seeking capital growth through investments in fixed income securities mainly issued by corporations and financial institutions in the Nordic region.

**DISCLAIMER:** Past performance is not indicative of future results. The Sub-Fund is subject to the risk of financial markets. The price of the Shares and the income from them may fall as well as rise. Accordingly, there is no guarantee that investors will recover the total amount initially invested. There can be no assurance that the Sub-Fund will achieve its objectives.

---

## **GLOBAL EXPOSURE**

The Company will use the commitment approach in order to calculate the global risk exposure of the Sub-Fund.

---

## **BANK BUSINESS DAY**

A Bank Business Day for this Sub-Fund shall mean a day on which banks are open in Luxembourg and Stockholm.

---

## **SUBSCRIPTIONS**

Any investor applying for subscription of Shares may at any time request such subscription by way of a written application, considered irrevocable, sent at the registered office of the Registrar Agent. Requests must contain the following information: the exact name and address of the person making the subscription request and the amount or the number of Shares to be subscribed, the Sub-Fund to which such subscription applies as well as the Class concerned, the subscription amount and instruction of payments to be used in cases of future redemptions.

Provided the application together with any required documentation are received prior to 2.00 p.m., Luxembourg time, on a Valuation Day, the Shares will be issued based on the Net Asset Value per Share applicable on that Valuation Day. If received thereafter, the application will be deferred to the following Valuation Day. A subscription fee may be levied as set out under point "Available Classes of Shares" of the present section hereunder.

Payments for subscriptions must be received within two (2) Bank Business Days after the relevant Valuation Day.

Shares will be allotted on receipt of the payment and of the duly fulfilled application form.

---

## **REDEMPTIONS**

Shareholders may place redemption orders every Bank Business Day for all or part of their shareholdings. **Share class R-D SEK is a distribution share class. The Board of Directors expects to recommend an annual distribution corresponding to the net performance (adjusted for any dividends paid) during the preceding calendar year, subject to a minimum of 2 percent of the Net Asset Value per Share. The dividend will, at the latest, be paid out four weeks after the annual general meeting of the Shareholders to the extent the Shareholders approve the recommendation of the Board of Directors.**

**REFERENCE CURRENCY OF THE SUB-FUND:** The reference currency of the Sub-Fund is SEK.

**FEES CLAIMED BY LOCAL INTERMEDIARIES:** In connection with the purchase and/or sales of the Shares in the local markets, local intermediaries may charge additional costs.

## **CHARGES AND EXPENSES**

The Management Company is entitled to receive for its management company services out of the assets of the respective Class within the Sub-Fund a management fee, payable monthly in arrears at such rate p.a. as set out in respect of each Class under point “Available Classes of Shares” here above. The fees are based on the average Net Asset Value of the relevant Class over the relevant period.

---

### **PERFORMANCE FEE**

In addition, the Investment Manager will receive for its investment management services from the Sub-Fund, payable out of the assets attributable to the relevant Class of Shares, a performance fee calculated as follows:

The performance fee is calculated on each Valuation Day and fixed on the last Valuation Day of the month and paid by the Sub-Fund to the Investment Manager at the end of each month. Any eventual performance fee is payable only if the Sub-Fund's performance exceeds the previous highest Net Asset Value, adjusted for movements in the OMRX Treasury Bill Index (index-adjusted high watermark). There will be no periodic reset of the index-adjusted high watermark.

The performance fee is payable only if the Sub-Fund's performance exceeds that of the OMRX Treasury Bill Index (the “Sub-Fund's Benchmark Index”). A performance fee could therefore be paid even if the net asset value per Shares has decreased.

If during a given period, the Sub-Fund has a performance which is lower than the performance of the benchmark (i.e. a relative underperformance), such underperformance must be taken into consideration the following period as long as the performance of the Sub-Fund has not recovered the underperformance relative to the Sub-Fund's Benchmark Index.

When calculating the eventual performance fee, the Sub-Fund's performance will be determined on the basis of the change in Net Asset Value per Share, after the deduction of the management company fee and the investment manager fee. The performance fee, if any, will be calculated based on the number of Shares in issue on that Valuation Day.

The concept of “crystallization” will be applied, meaning that the performance fee due to the Investment Manager is determined (accrued or “crystallized”) at any time, in order to ensure that an investor applying for the redemption of his shares within a certain period nevertheless pays an adequate portion of the performance fee due at the end of the month. The crystallized performance fee is paid out of the Sub-Fund at the end of each month.

The performance fee will be 20% of the excess yield in relation to the Sub-Fund's Benchmark Index.

---
